

PROJECT TITLE: ONLINE GIFT STORE

By Semester-VI of III Year M.Sc.(2023-24)

Submitted By: -

1. Urvashi Padhiyar: - 3043
2. Sanskruti Darji: - 3200
3. Khushbu Parmar: - 3230

Group ID: - 26

Gift Store Name: - Glorious Gifts

Submitted to: -

K.S. School of Business Management and IT

M.Sc. - Computer Applications and Information Technology.

Date: 29/09/2023

Project Training Confirmation

This is to certify that below mentioned students of K.S. School of Business Management (CA & IT) college worked as an intern as part of his/her Msc(CA & IT) course of Gujarat University.

The Particulars of Project Trainee Internship details are given below.

Students Details

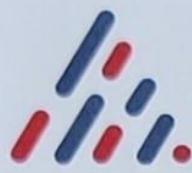

1. Urvashi Padhiyar(3043)
2. Sanskruti Darji (3200)
3. Khushbu Parmar (3230)

Project Title : Glorious Gift

Sincerely,

Jugal Prajapati

Aarnik Technology

Certificate

This is to certify that Miss Urvashi Padhiyar has successfully completed Analysis and Design of the project on Glorious Gifts under me. This work is original and has not been submitted elsewhere.

Name: Jugal Prajapati
Designation: Team Leader
Date: 12-12-2023

Aarnik Technology

Certificate

This is to certify that Miss Sanskruti Darji has successfully completed Analysis and Design of the project on Glorious Gifts under me. This work is original and has not been submitted elsewhere.

Name: Jugal Prajapati
Designation: Team Leader
Date: 12-12-2023

Aarnik Technology

Certificate

This is to certify that Miss Khushbu Parmar has successfully completed Analysis and Design of the project on Glorious Gifts under me. This work is original and has not been submitted elsewhere.

Name: Jugal Prajapati
Designation: Team Leader
Date: 12-12-2023

Evaluation Form

Name of the student : Padhiyar Urvashi M.

Project Title : Glorious Gifts

Name of the Project Guide : Jugal Prajapati

Designation : Team Leader

Organisation : Aarnik Technology

Address : K18, Shree Krishna Center, Navrangpura

Contact No : 9586248516

Kindly rate the student by ticking in the appropriate boxes.

Parameters	Needs Improvement	Average	Good	Excellent

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Ms. Urvashi Padhiyar student of third year M.Sc-IT K.S School of business Management, Gujarat University has successfully completed software project development training in Aarnik Technology. She worked on Glorious Gift from 18-10-2023 to 04-04-2024. This is an original work and this work has not been submitted anywhere in any form. We found her sincere, hardworking, technically sound and result oriented. We take this opportunity to thank her and wish her all the best for her future.

Name: Jugal Prajapati

Designation: CEO

Place: Ahmedabad

Date: 04-04-2024

Sincerely,

Jugal Prajapati

Date: 04/04/2024

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Ms. Sanskruti Darji student of third year M.Sc-IT K.S School of business Management, Gujarat University has successfully completed software project development training in Aarnik Technology. She worked on Glorious Gift from 18-10-2023 to 04-04-2024. This is an original work and this work has not been submitted anywhere in any form. We found her sincere, hardworking, technically sound and result oriented. We take this opportunity to thank her and wish her all the best for her future.

Sincerely,

Jugal Prajapati

ACKNOWLEDGEMENT

It was a great experience working on the project of “Glorious Gifts”. We express our Gratitude towards those who were constantly involved with us during our project. They will always occupy a special place in our heart, throughout our career, for both personal and professional reason. The phenomenon remains same that no project ever can be executed proficiently and efficiently without sharing the meticulous ideas, technical expertise and innovative thoughts put forwarded by technical and non-technical veterans. Whenever a technical project is developed, eventually it requires conductive technical environment and technical guidance to get involved in the assigned project enthusiastically.

We also grateful to Mr. Jugal Prajapati for being extremely friendly and co-operative during entire course of our project. Their continuous help and support made the project much easy. There is no exact word to express our regards and legitimate gratitude to one of our esteemed techno personalities, without him this project could not get an entrance towards the execution. Our project mentor is Mr. Sudeep Soni who availed this magnificent to us to move ahead.

He is always inspired and guided us for the right track to be followed for all the system analysis section of this project. Thank you for providing proper guidance.

Thanking You,

3043 Urvashi Padhiyar
3200 Sanskruti Darji
3230 Khushbu Parmar

Chapter 1

INTRODUCTION

In present time to sell any type of products and services one of the main things which one can do is an E-commerce store. Each and every businessman who want to make more customers attract with the system and want more benefits the first thing they look for is an online store which can engage customers which are not in the range of the local shop. To do business e-Commerce is the revolutionized way for the companies. In present time all the customers want to purchase things 24*7 with the device which is in their hand and for fulfilling that thing. Each and every thing comes with some good and some bad things and an E-commerce store can be also one of them. Some good things about an E-commerce store are it's easy to use and also convenient, it can decrease the cost of maintaining the things manually and also get benefits of time saving, money saving and man power saving.

Information which a business is storing manually they can store multiples of times information with the help of Information and technology and with use of database and E-commerce.

General purpose of the Glorious Gifts

Our main aim is to provide the customers with their desire gifts. We are also providing the gifts for every person from kids to old age people.

Why we should Choose Glorious Gifts?

The main focus of the Glorious Gifts is to provide Customer with the best quality of the gifts within shortest time. Glorious Gifts also provide the information for upcoming latest brand of the gifts with notification.

How Glorious Gifts is useful to Customers?

Glorious Gifts provides the suggestion box to the customers for getting the suggestions of the gifts within a few seconds and they also get the suggestions through the WhatsApp.

[1.1] Organization Profile:

Name of organization: Aarnik Technology

Address: K8 Shree Krishna Center, Navrangpura, Ahmedabad, Gujarat 380009

Contact: 9586248516

E-mail: info@aarniktechnology.com

[1.2] System Details:

1.2.1 Existing System:

- Currently, we do not have any system for gift selling, all work is done manually.
- In Existing system customers have to visit the shop and select the gifts what they want to buy. Which is time consuming.
- It is Online and interactive web application where the customers can view the variety of Gifts products for different occasion and for different persons (for different age group people) which will save their time.
- We have referred some website like: -
 - <https://www.winni.in/gifts>
 - <https://giftcart.com>
 - <https://www.indiagift.in>
 - <https://www.giftalove.com>

1.2.2 Proposed System:

- The proposed system has many advantages over existing system.
- Our proposed system will work in less time and effort for selling gifts with more efficiency and productivity of work.
- Though, our current system and proposed system are differed.
- We will be going to add so many new features and functionality in proposed system which would make our shop much better for easily reaching out to our customer.
- Some of the functions of our proposed system that attract customers to choose our website to buy gifts:
- Suggestion box that suggests customer according to age group to buy gifts.
- Customers will get notification as new gifts uploaded on our website to buy it with discount.
- Take help for alteration.

[1.3] Scope of System:

- Simply go to website do sign up and login in our system.
- After that, you can search for gifts, get suggestion and detail about trendy fashionable gifts and can purchase anytime at Glorious Gifts.

[1.4] Objectives:

- People can send their feedback and we also work on it as per their feedback we try to improve functionality and services.
- Customers can return, exchange gifts and also take help if require.
- Without using any type of marketing, we can create a large number of customer range with a good website which is user friendly and very helpful.
- Glorious Gifts is here to provide immediate service through store also.

Chapter 2

PROPOSED SYSTEM REQUIREMENT AND GATHERING

[2.1] Stakeholders of System:

There are 3 stakeholders for our website:

- ❖ Admin
- ❖ User
- ❖ Visitor

Admin:

- Admin will be log in website and can view order details and customer details.
- Admin can Reviews web content, links, and design, provides necessary updates and enhancements in a timely manner.
- Admin would confirm the product for adding it into website.
- Admin will Monitors site security, reports suspected or actual security breaches and denial of service attacks to appropriate staff.

User:

- To buy any product user will have to first register themselves.
- After registration user will have to log in with the correct password and the email id.
- User can search any gift products and buy it with minimum period of time.
- User can get discount and free delivery on their first order. If the user forgets their password, then they can reset it using verification code provided by server.

Visitor:

- Visitors are the general people who visits the website but not registered.
- They can see the products, read the description and other stuff of website but they can't perform any action.

[2.2] Requirement Gathering Techniques:

“Requirements gathering is the process of determining what your projects need to achieve and what needs to be created to make that happen”. 47% of unmet project goals tie back to poor requirements management.

1. Questionnaires
2. Interview
3. Observation
4. Group Interview
5. Prototyping
6. Document Analysis
7. Survey
8. Brainstorming

In which, we are selecting Questionnaires Technique for our System to make a better Performance in Requirement Gathering.

1) Questionnaire: -

Questionnaires are much more informal, and they are good tool, together requirement, from stakeholders in remote locations. In this create the form of questions and give it to the owner of the organization to complete it. So that, we easily get the requirement for the system. The questionnaires are as follows:

- How do you handle current system?
➤ By record the data in manually.
- What's the requirement to build the computerized system?
➤ To make Process easy for users and for us also.
- How does Glorious Gifts communicate with the user?
 - a. Telephone
 - b. Computer (Mail/SMS)
 - c. Cell Phone
 - d. At store
 - e. Other
- Is there any web-based system for your organization?
 - a. Yes
 - b. No
- Which method you prefer to do online payment?
 - a. Cash on Delivery
 - b. By Online
- How do you manage the Glorious Gifts details?
 - a. In files
 - b. in computers
- How do you provide the invoice details to the customers?
➤ Manual bill.

[2.3] Consolidated List of Requirements:

- Simple and user-friendly interface.
- An easy to use.
- Order cancelled should be notified to the Admin.
- Order management, security, search product, category are very easy to access.
- Return policy and Replacement policy are also included.
- When order placed at that time the email notification will send.
- Platform to store information about user and products.
- Access level will be filtered according to their role in the organization.
- Specific window will open after login by specific user.
- Password will store in a database in a unique key format (encrypted password).

[2.4] PROJECT DEFINITION

- **Project title:** - Glorious Gifts

Project definition: -

This website is online gift shopping website for user. It aims at providing best services as per the user's desire requirement of gifts. Our website will show all kinds of gifts in different categories. User can browse any products and buy it. User can order the gifts products by online payment and also through cash on delivery.

Firstly, the people go over to see many gift products as per their requirement manually which is basically a waste of time. Through this, peoples can choose best gift for different occasion for different person and much more on best price. Peoples sitting at home can get all the information of the gifts products they would like just at one click. Peoples can order gifts, get the price details, get to know about others reviews, can provide their personal feedback and much more.

User can get the suggestion at home through the suggestion box and also can get the suggestion through talking with us on WhatsApp and this feature helps the users to save their time as well to find out their desire gift.

User can also search the gifts products on search bar and also through the voice feature of search bar.

Chapter 3

System Management and Planning

Planning is one of the most important parts of any project. Proper planning is needed to execute any project or running a company. With proper planning team or an individual get a perfect idea about scope and appropriate methods for completing the project.

[3.1] Feasibility study:

A feasibility study is a detailed analysis that considers all of the critical aspects of a proposed project in order to determine the likelihood of it succeeding.

Although feasibility studies can help project managers determine the risk and return of pursuing a plan of action, several steps should be considered before moving forward.

The main aim of the feasibility study is to determine that it would be financially and technically feasible to develop the System. The purpose of feasibility study is not to solve the problem, but to determine whether the problem is worth solving.

Types of Feasibility:

- Technical Feasibility
- Economic Feasibility
- Operation Feasibility

[3.1.1] TECHNICAL FEASIBILITY

- “The process of proving that the concept is technically possible”.
- The technology is stable and established, resource is easily available/accessible and also expertise is available. No special hardware or software is required. So, the system is technically feasible.
- Internet is required to use the system.
- The technical feasibility will usually result in knowledge about the product or process design, performance, production requirements, and preliminary production costs.
- If the system is capable of producing outputs in a given time, response time under certain conditions and the organization is having the required gadgets then proposed system can be technically feasible.

[3.1.2] ECONOMIC FEASIBILITY

- As there is no paperwork required so it reduce the cost of working it manually.
- All people are aware of new technology so there is no problem to run the system and no special skills are required.
- To use and make the system nominal cost is required at client side and server side some hardware and software required only.
- At the time of development there should be one thing in mind that the system should not much costly to develop.
- Economic feasibility means to analyses economic factor while developing or workingon any project.

Possible questions raised in economic analysis are:

- Is the system cost effective?
- Do benefits outweigh cost?
- The cost of doing full system study
- The cost of business employee time
- Estimated cost of hardware

[3.1.3] OPERATIONAL FEASIBILITY

- “Operational feasibility is the measure of how well a proposed system solves the problems, and takes advantages of the opportunities identified during scope definition and how it satisfies the requirements identified in the requirements analysis phase of system development”.
- Operational feasibility is a critical aspect of systems engineering that needs to be an integral part of the early design phases.

[3.2] Hardware and Software Requirement:

➤ SYSTEM REQUIREMENT

Platform

PHP

Frontend

**HTML
CSS
JavaScript**

Backend

MySQL

➤ **HARDWARE REQUIREMENT**

[3.3] System Planning:

Here's some points about System planning,

- i. Work Breakdown Structure.
- ii. Gantt chart.

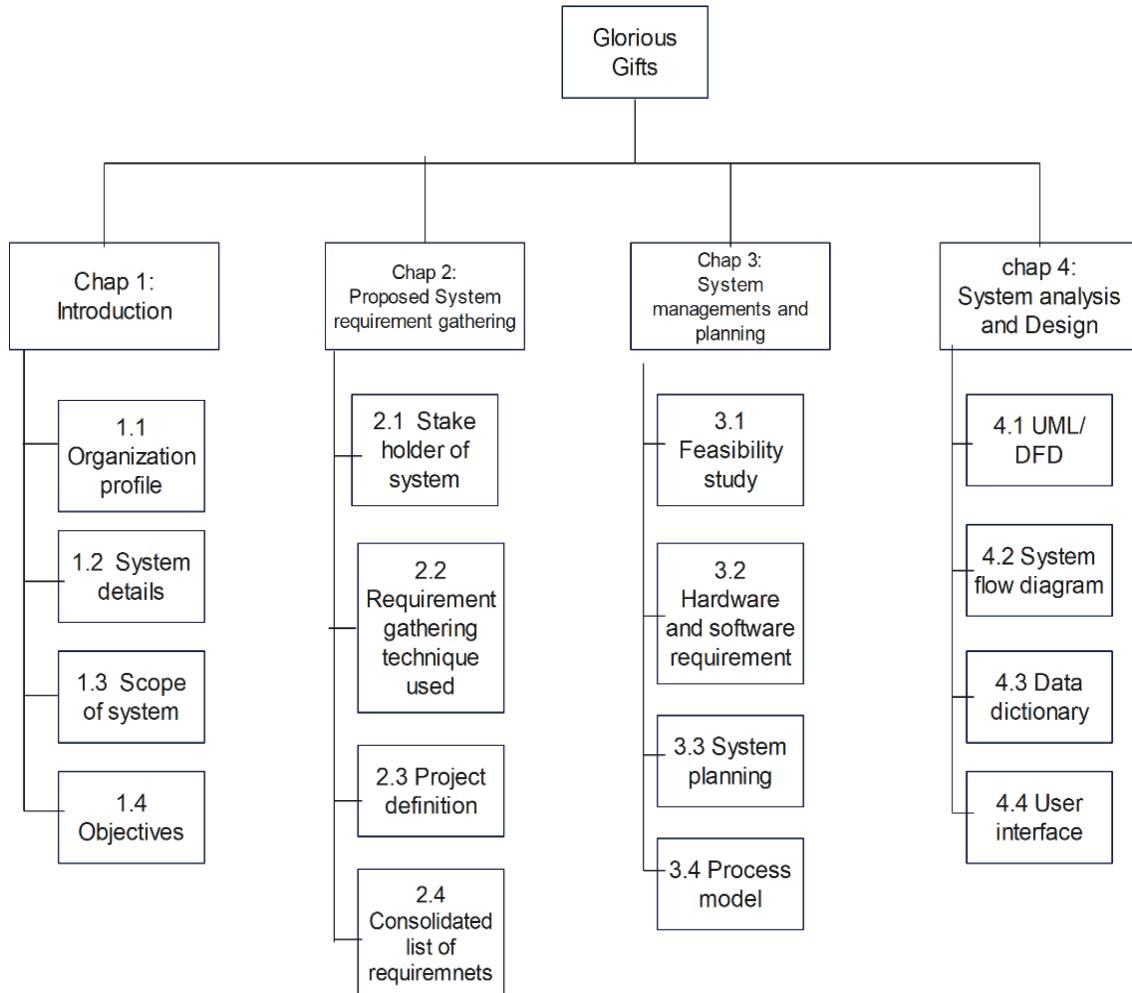

WORK BREAKDOWN STRUCTURE:

- Definition of Work Breakdown Structure-

“Deliverable oriented hierarchical decomposition of the work to be executed by the project team”.

-Project Management Institute (PMI).
Project Management Book of Knowledge (PMBOK)

- A work breakdown structure can show control points and milestones.
- WBS provides the visual of entire scope.

GANTT CHART

- A **Gantt chart** is a horizontal bar chart developed as a production control tool in 1917 by **Henry L. Gantt**, an American engineer and social scientist. Frequently used in project management, a Gantt chart provides a graphical illustration of a schedule that helps to plan, coordinate, and track specific tasks in a project.
- A Gantt chart, commonly used in project management, is one of the most popular and useful ways of showing activities (tasks or events) displayed against time.
- On the left of the chart is a list of the activities and along the top is a suitable time scale.

Activities	Aug		Sep		Oct.		Nov.		Dec.		Jan		Feb		Mar		Apr	
Days	1 -	3 -																
Definition Approval	1 2	3 4																
Project Scope																		
Research																		
Analysis																		
Design																		
Coding																		
Testing & Specifications																		
Documentation																		

[3.4] Process Model: -

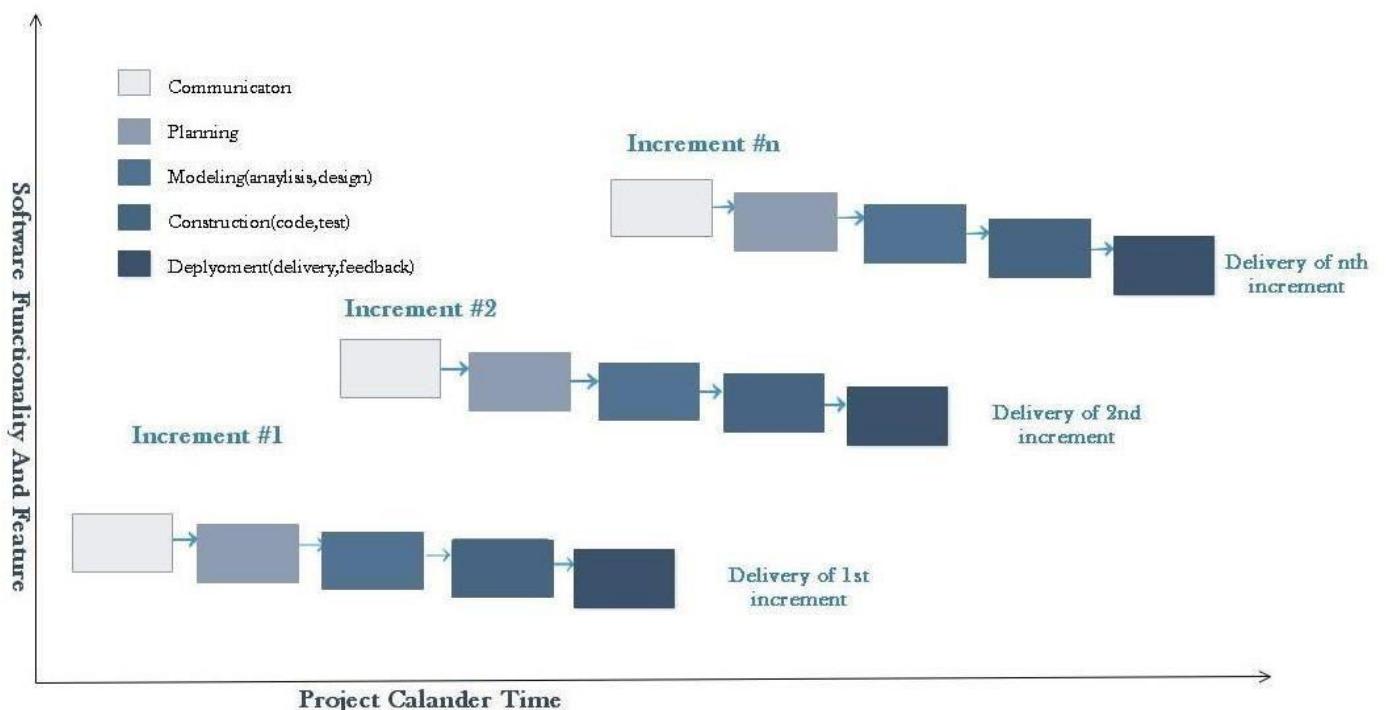

There are many processes model available as shown below. For our system we are going to use Incremental Model.

- i. Waterfall Model
- ii. Incremental Model
- iii. Prototype Model
- iv. Spiral Model
- v. Concurrent Model

➤ Incremental Model: -

- Incremental model in software engineering is one which combines the element of waterfall model which are then applied in an iterative manner. It basically derives a series of release called increments which provide progressively more functionality for the client as each increment is delivered.
- In incremental model of software engineering, waterfall model is repeatedly applied in each increment. The incremental model applies linear sequence in a required pattern as calendar time passes. Each linear sequence produces an increment in the world.

Diagram of Incremental Model

➤ Why Incremental Model: -

Though there are many system development models available, but incremental model is more suitable as per our project Definition and other criteria (time, team members) of the project.

Here's the main reason of using the advantages of incremental model:

- Errors are easy to be recognized.
- This model is more flexible- less costly to change scope and requirements.
- It is easier to test and debug during a smaller iteration.
- In this model customer can respond to each activity.
- Lower initial delivery cost.
- This process model helps to manage technical risk.
- Initial product delivery is faster.
- Risk of changing requirement is reduced.

Disadvantages of Incremental Model: -

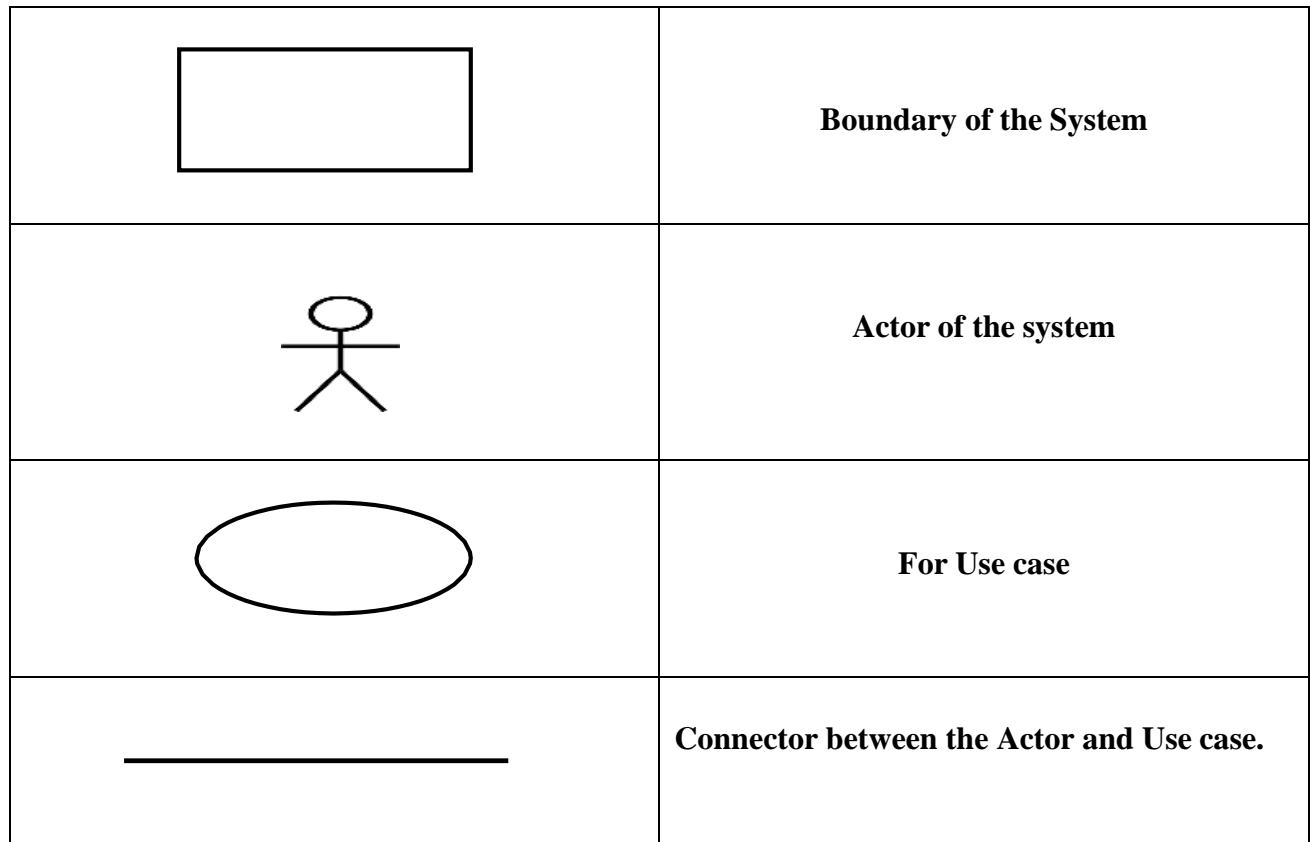

- Total cost is high.
- Need for good planning and designing.
- Each face of iteration is Digit.
- Each iteration phase is rigid and does not overlap each other.
- Well defined module interfaces are needed.

Chapter 4

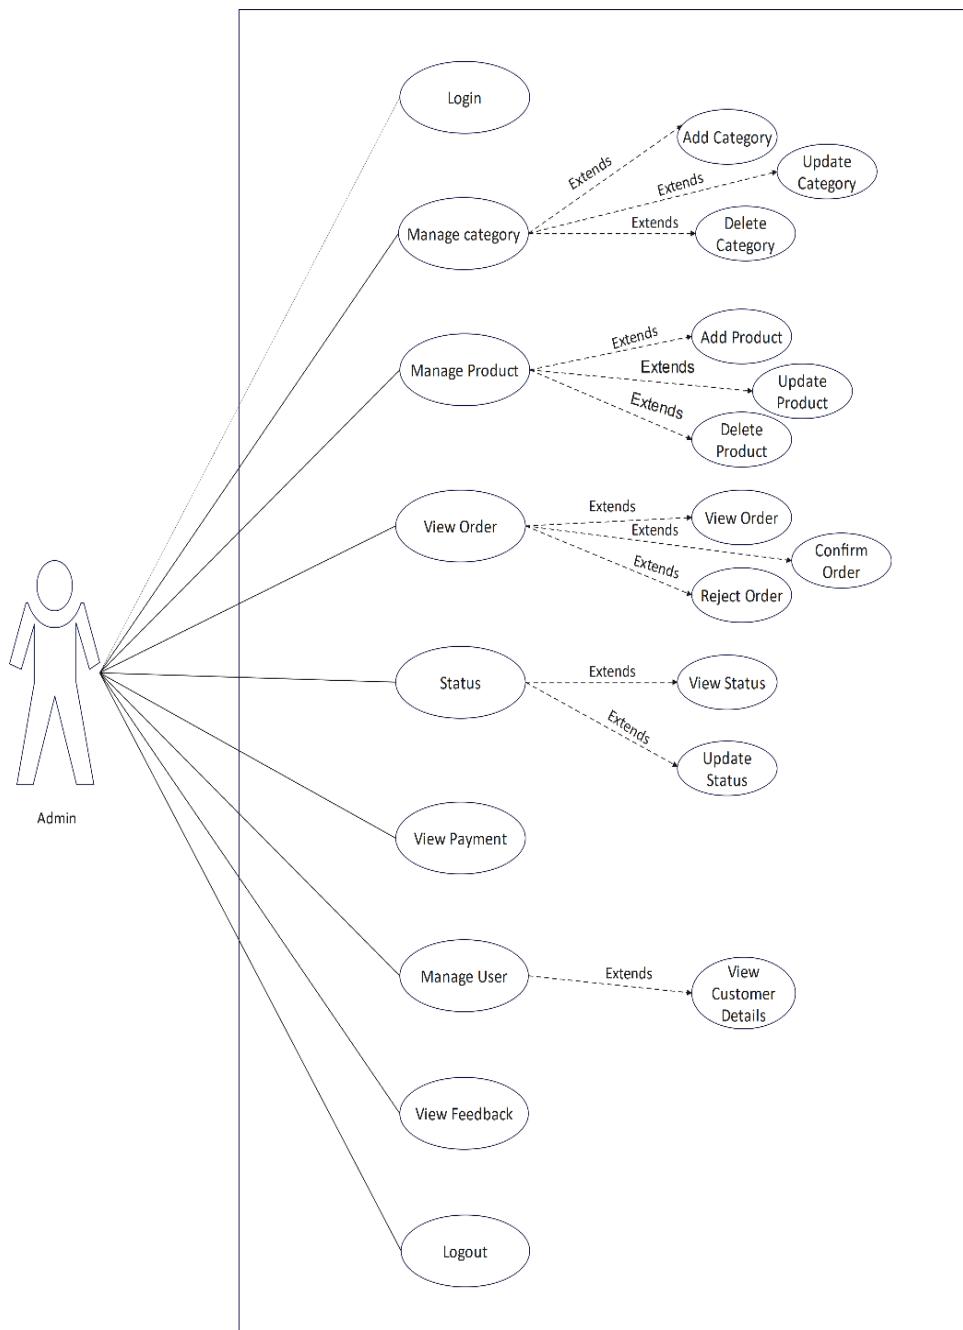

[4.1] UML Diagram

[4.1.1] Use case:

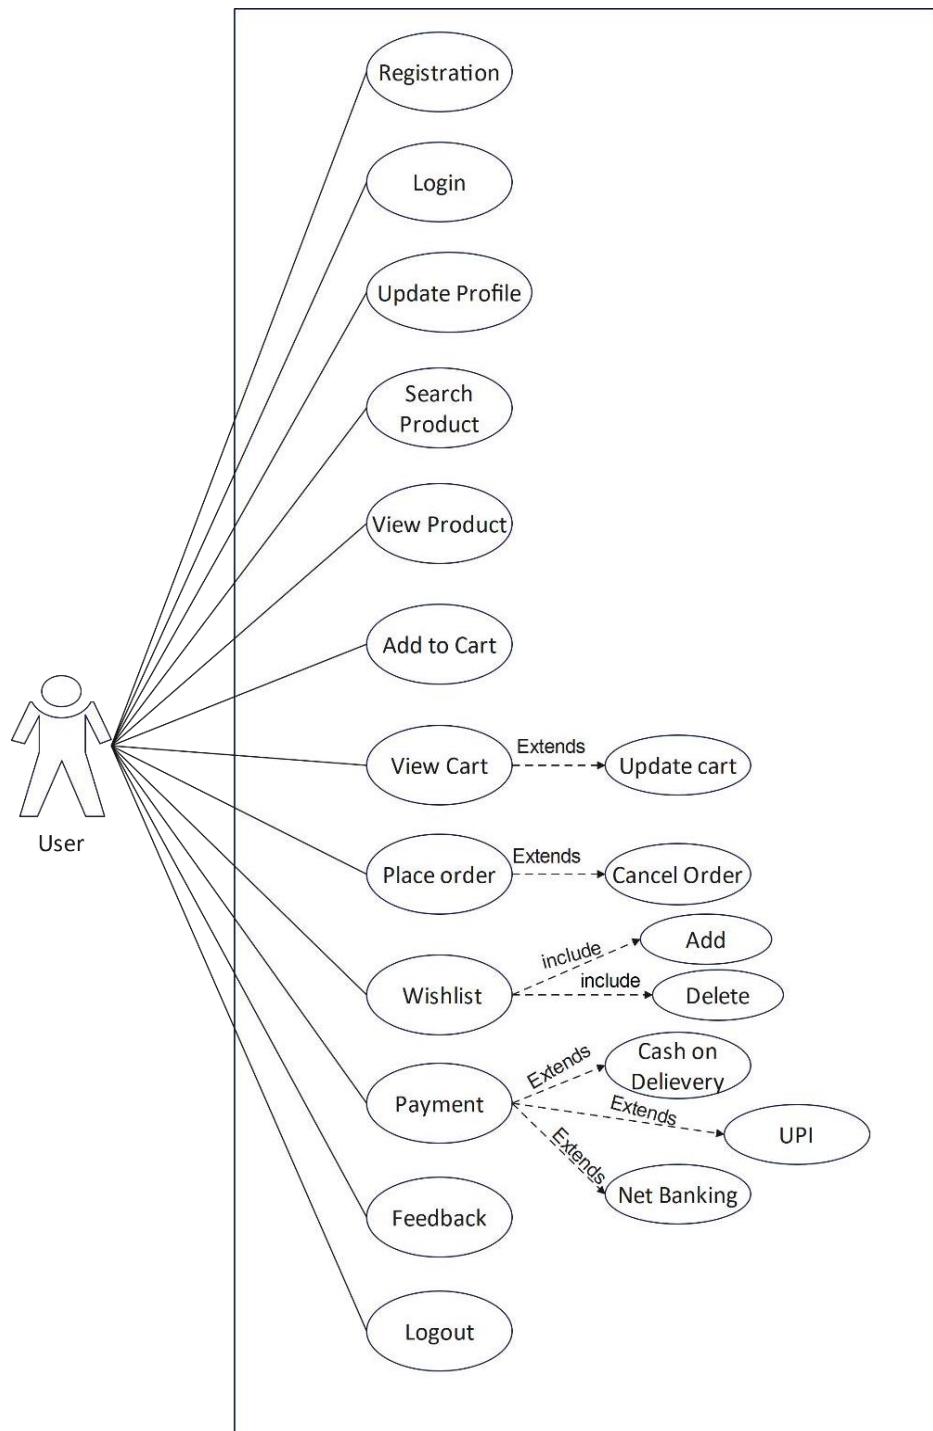

- The use case model for system consists of a set if use users can use cases. Intuitively, use cases represent the different ways in which a system. Following is the use case representation of the advantages immigration system.
- Use case diagram is a graphic depiction of the interactions among the elements of a system. A Use case is methodology used in system analysis to identify, clarity and organize system requirements.

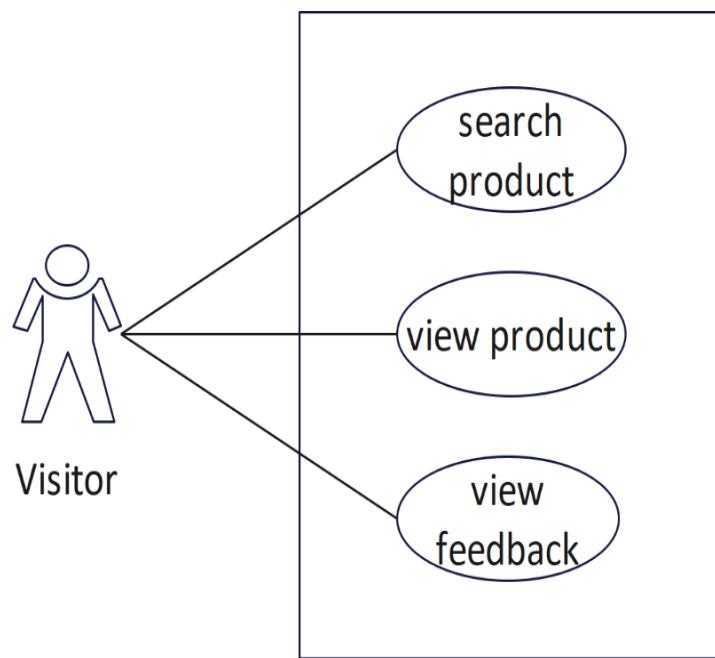

- **Admin Usecase**

- **User Usecase**

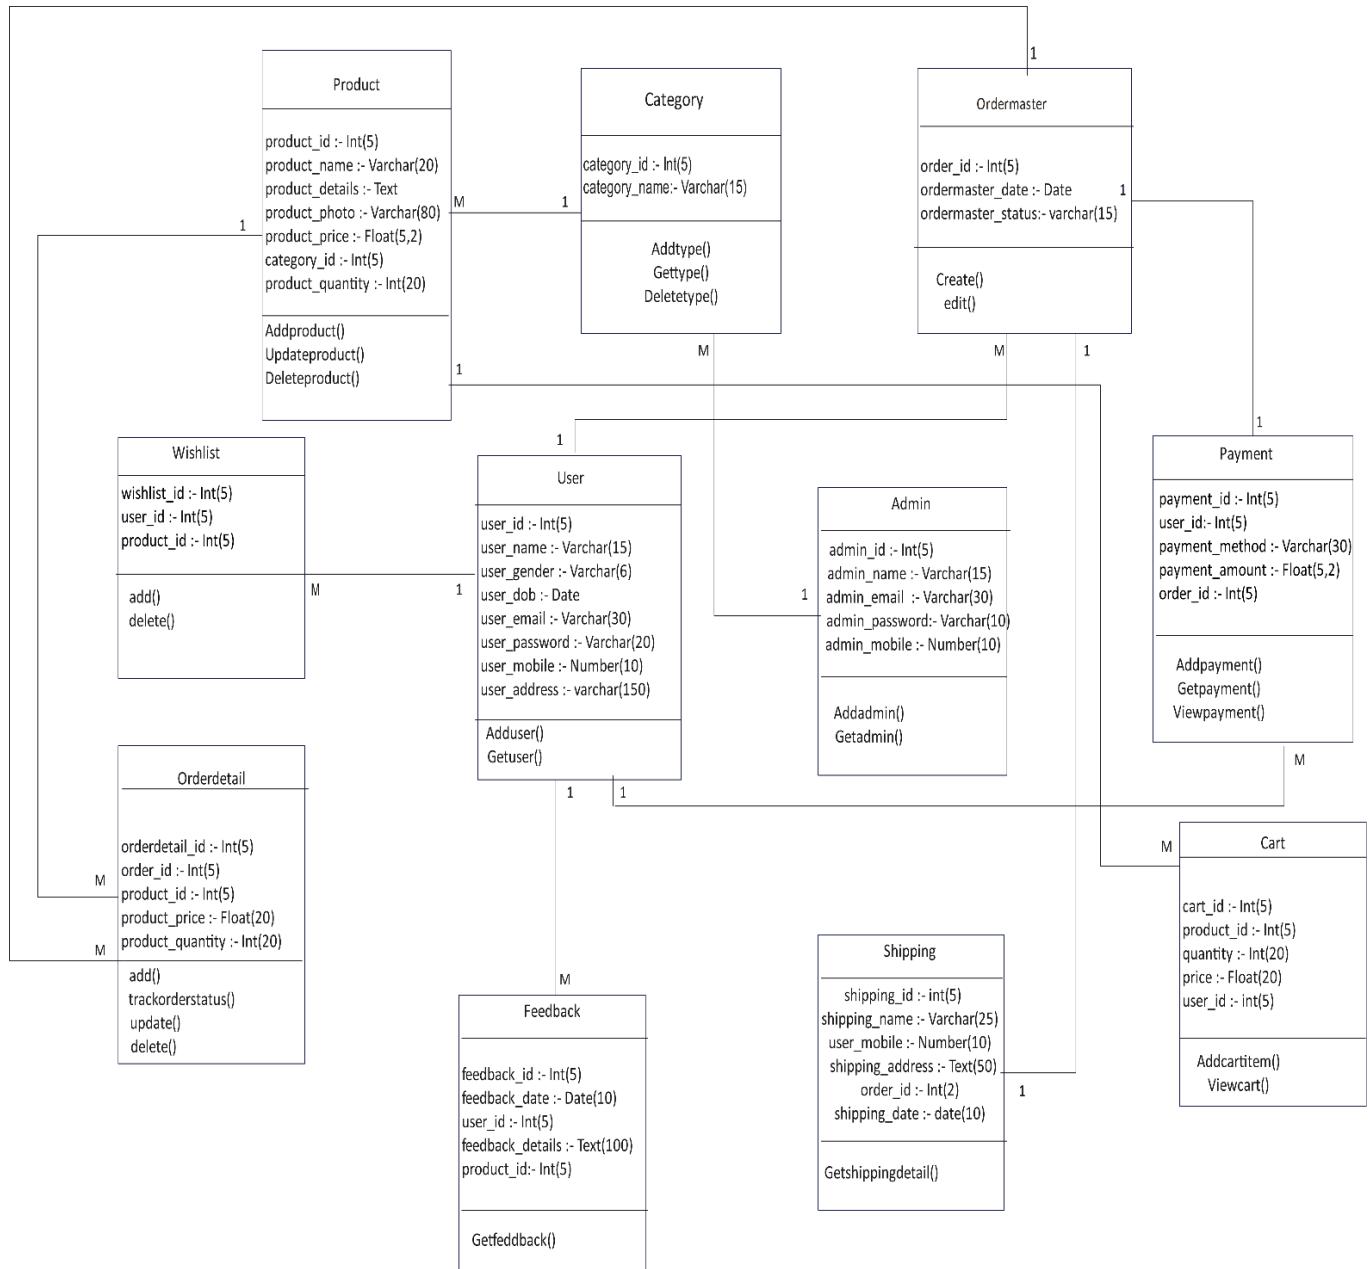

- **Visitor Usecase**

[4.1.2] Class Diagram

A class comprises of three sections:

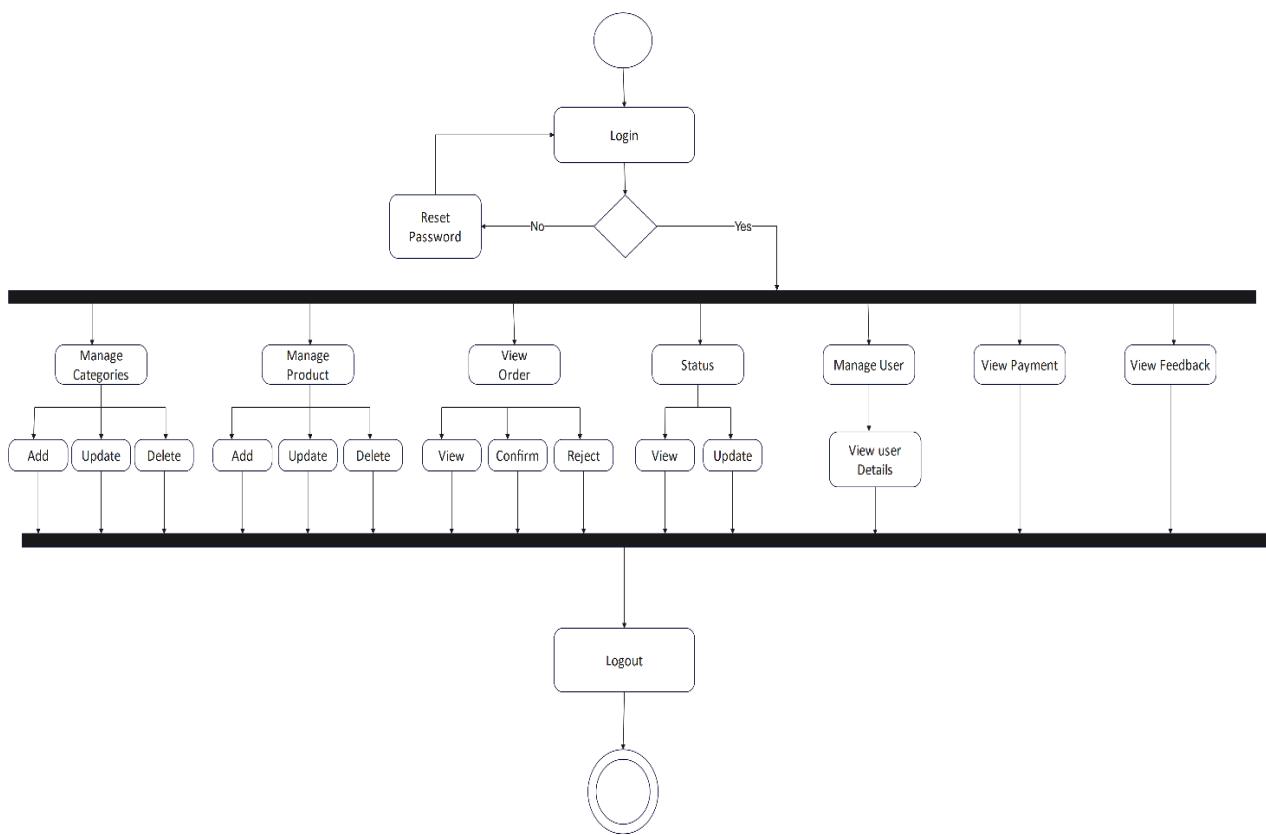

- i. Class name
- ii. Structure(attributes)
- iii. Behaviour(operations)

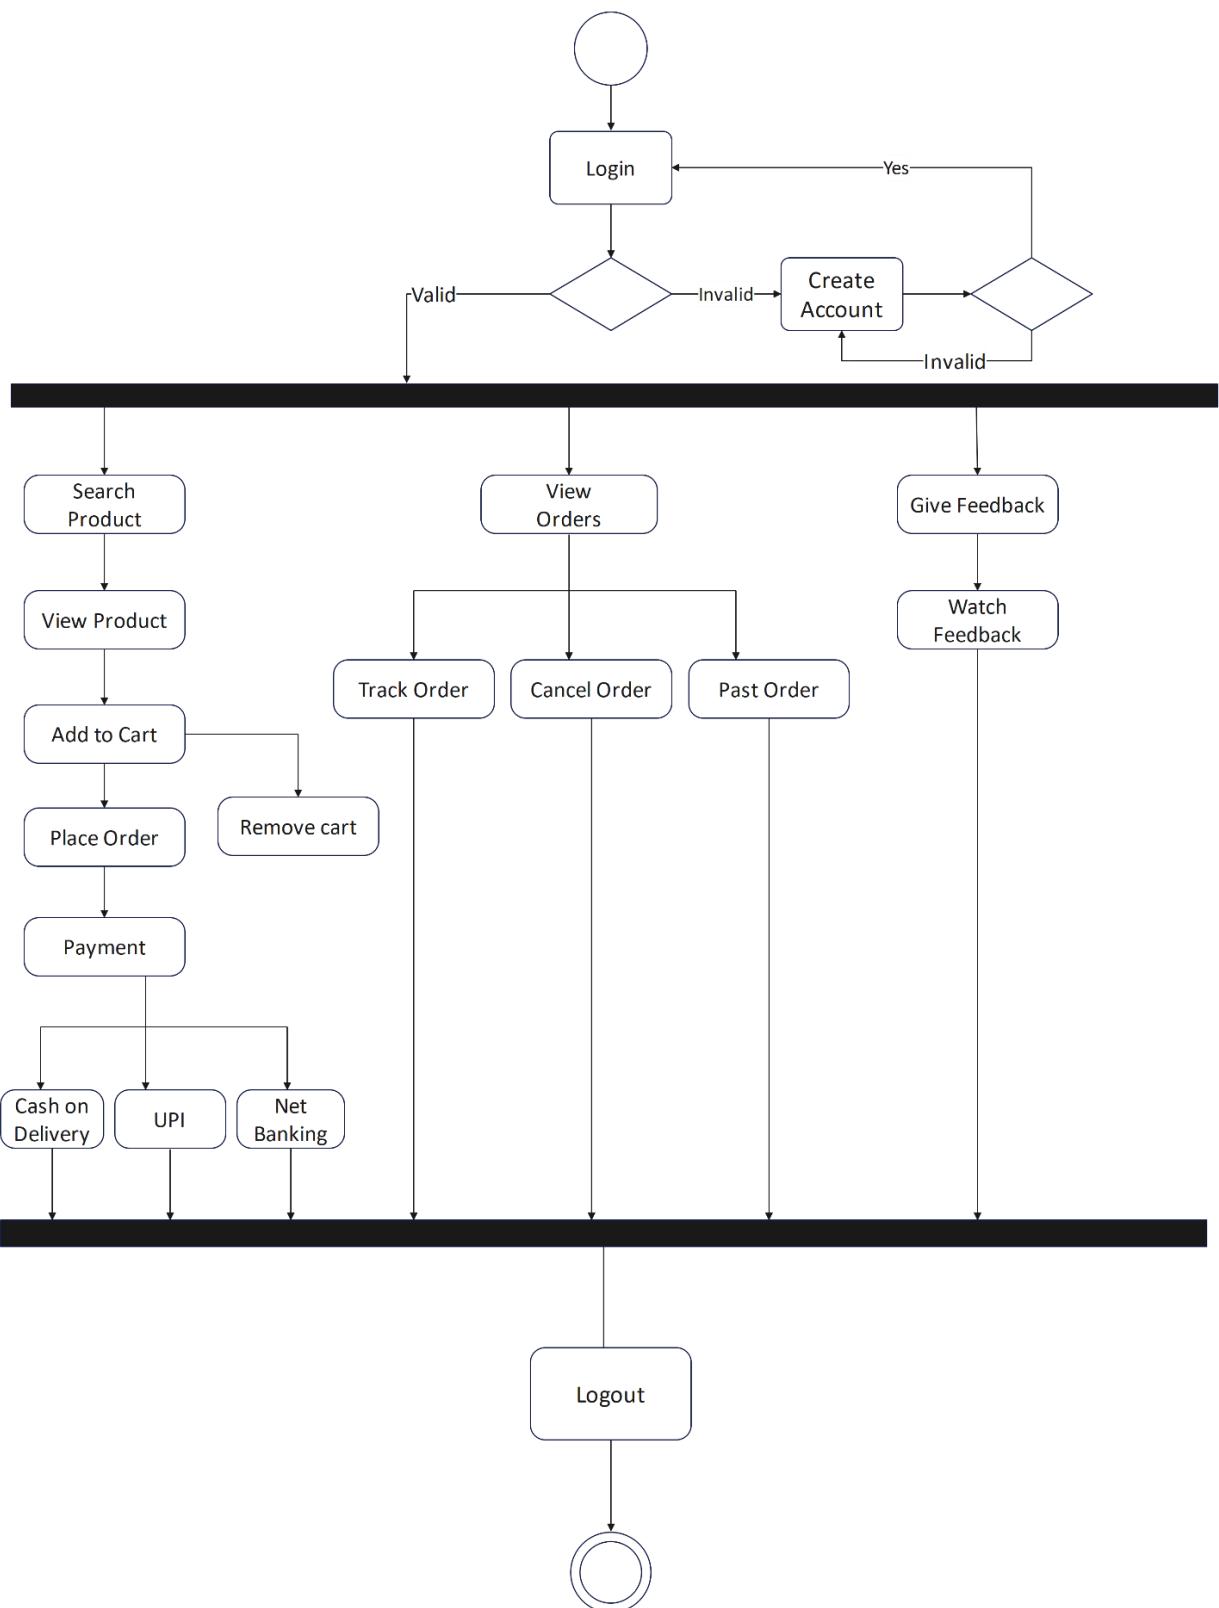

[4.1.3] Activity Diagram:

Activity diagram is another important diagram in UML diagram describe dynamic aspects of the system. Activity diagram is basically a flow chart to represent the flow from one activity to another activity. The activity can be described as an operation of the system.

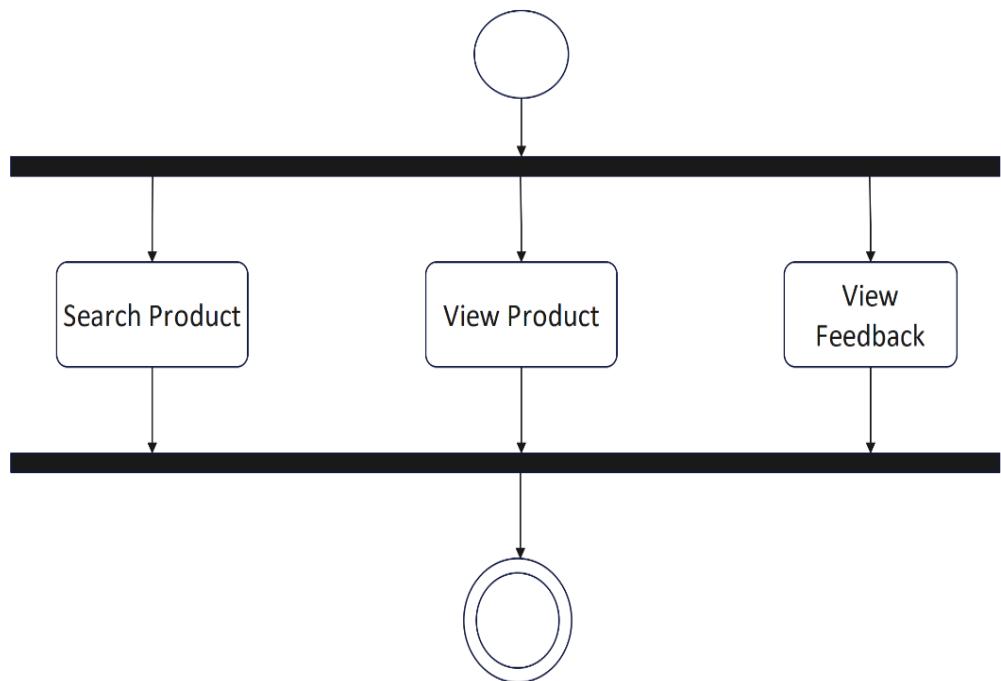

- **Activity Admin**

- **Activity User**

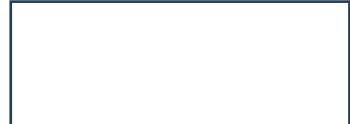

- **Activity Visitor**

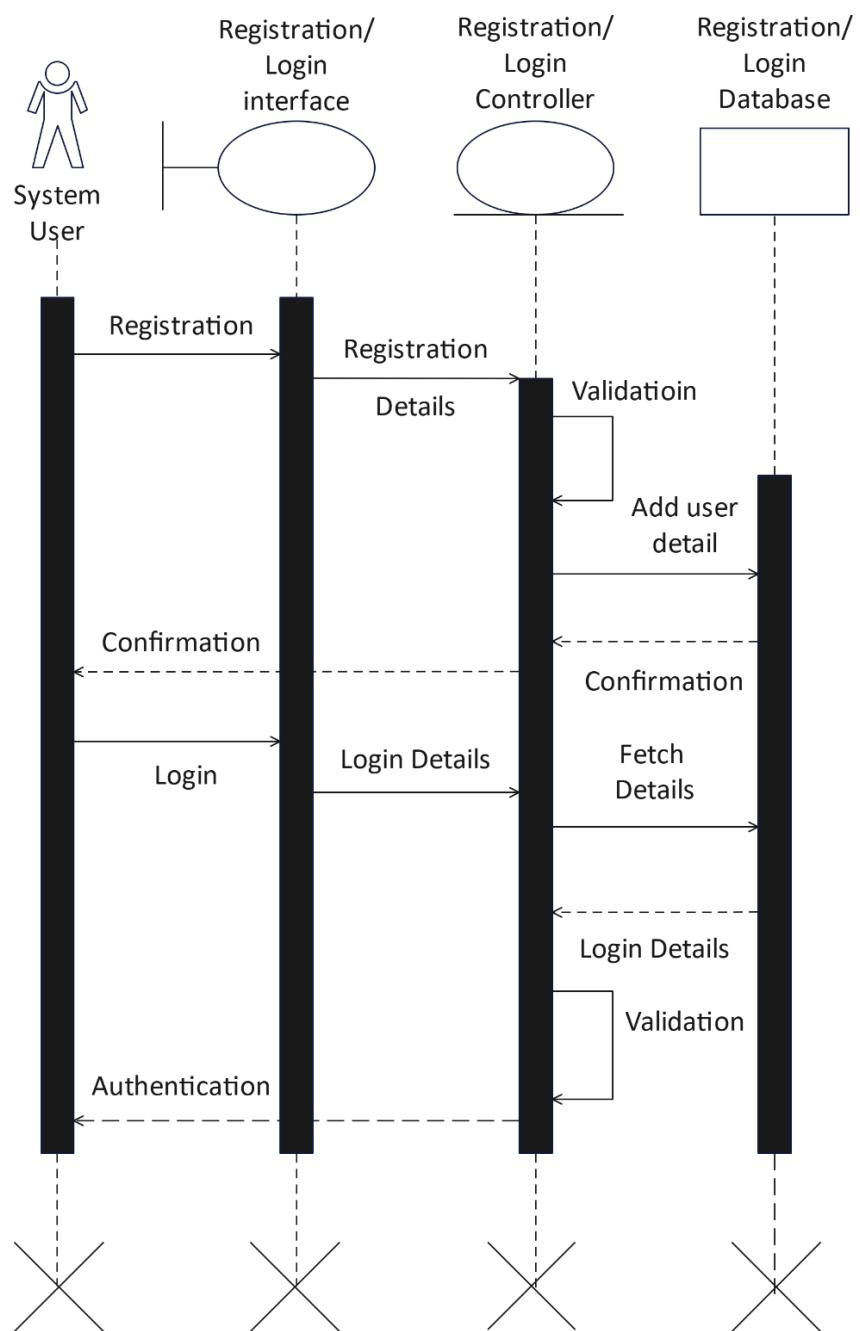

[4.1.4] Sequence Diagram:

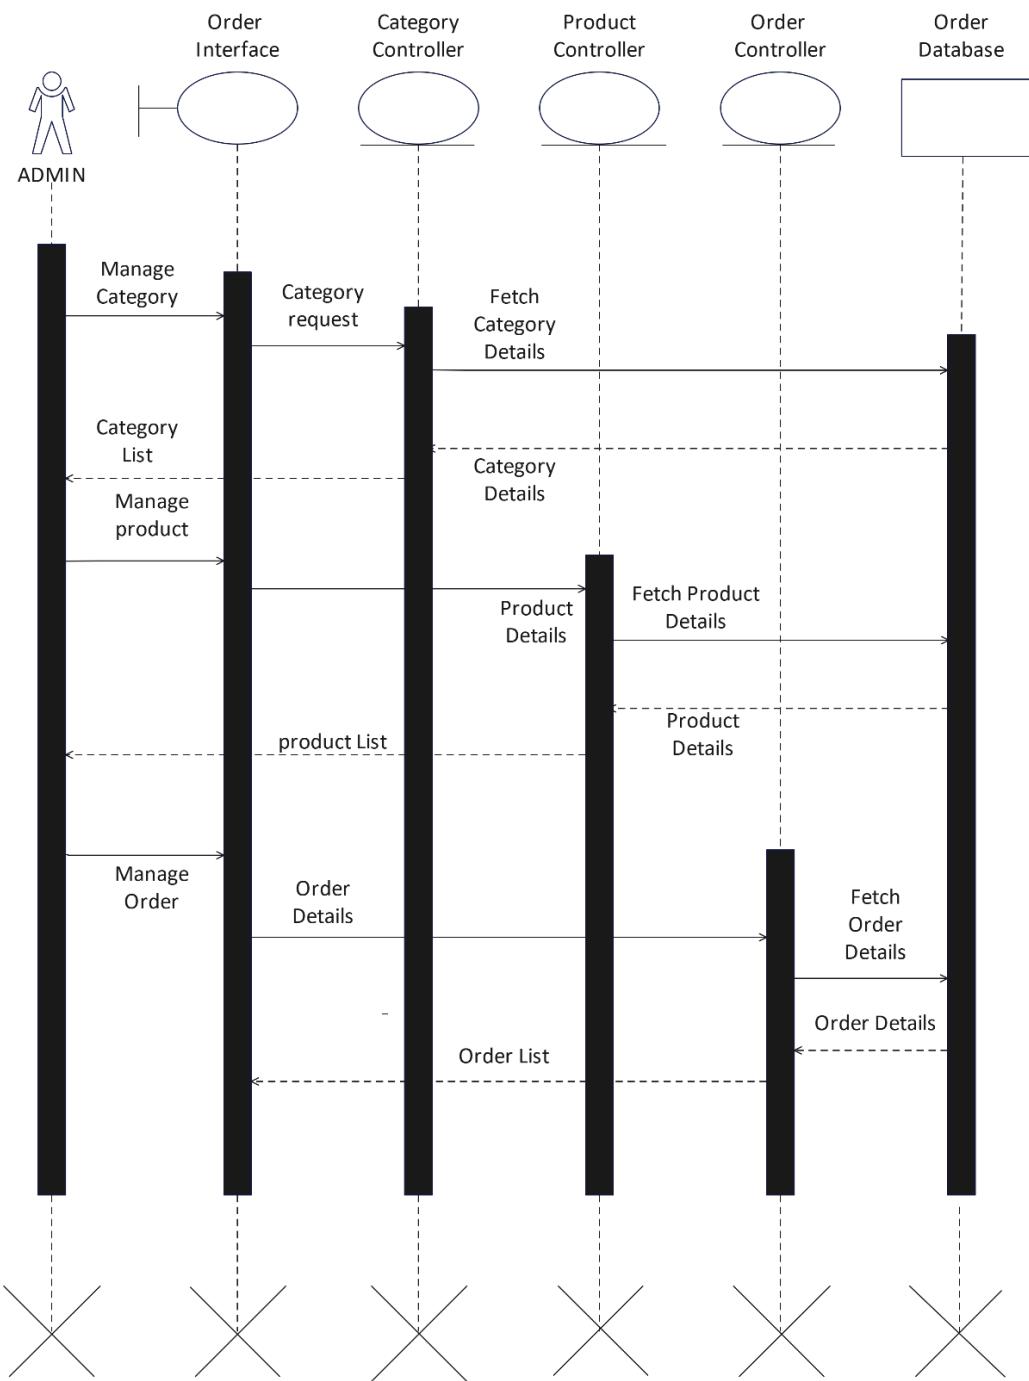

- A sequence diagram simply depicts interaction between objects in a sequential order.
- A sequence diagram is an interaction diagram that shows how objects operate with one another and in what order objects. It is a construct of a message sequence chart. A sequence diagram shows object interactions arranged in time sequence.

	Arrow represents an event occurring between objects.
	Rectangle represents Objects in Diagram.
	Represents the Time occurring between request and response of the object.
	Back arrow represents response of the event to the objects.

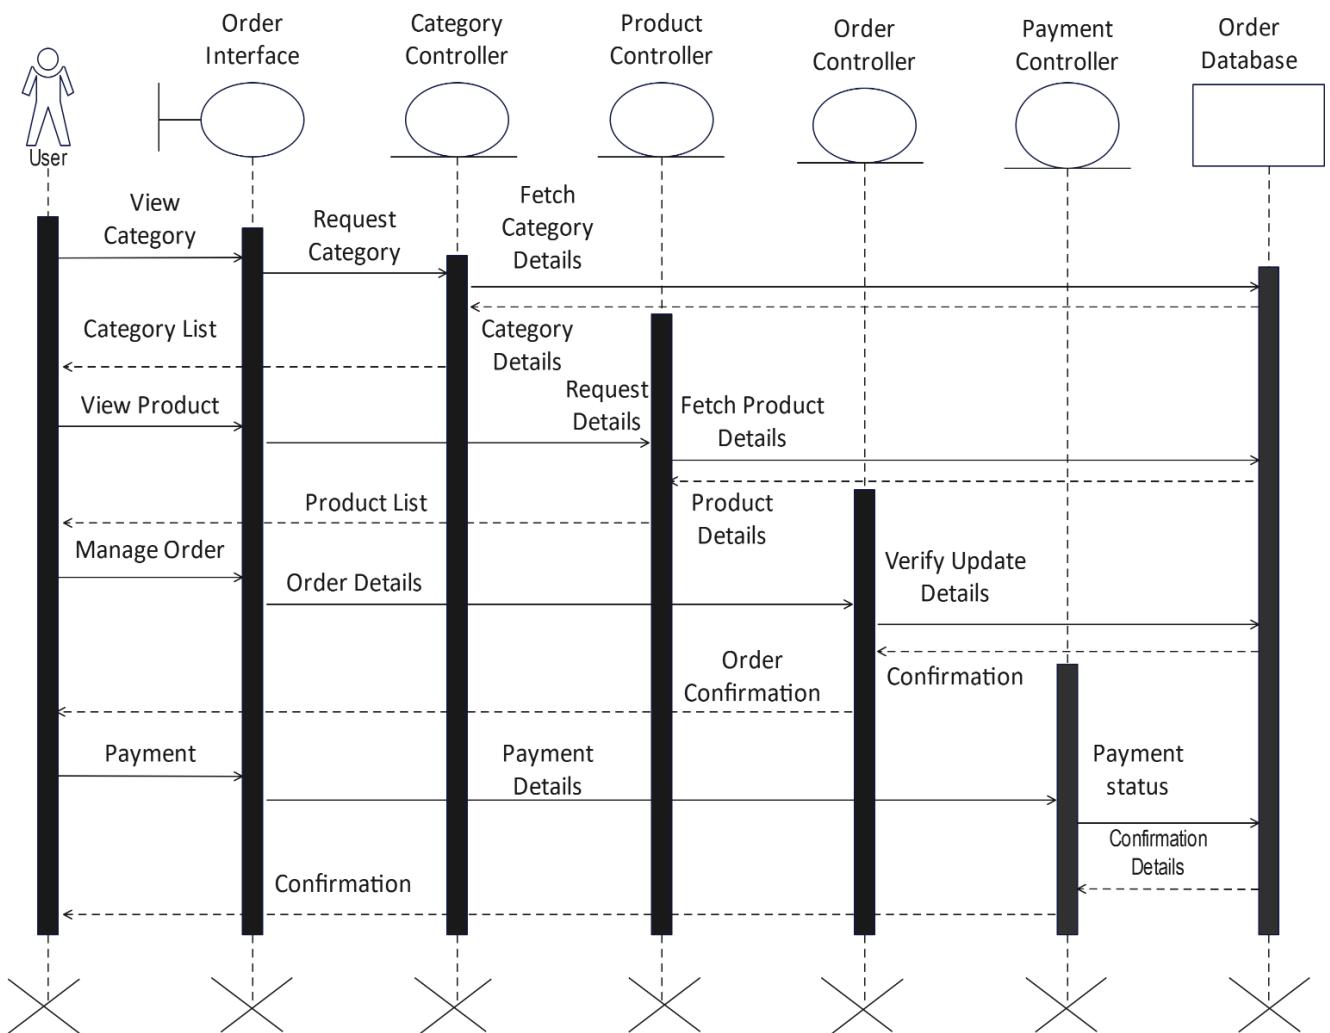

- **Registration & Login Sequence Diagram: -**

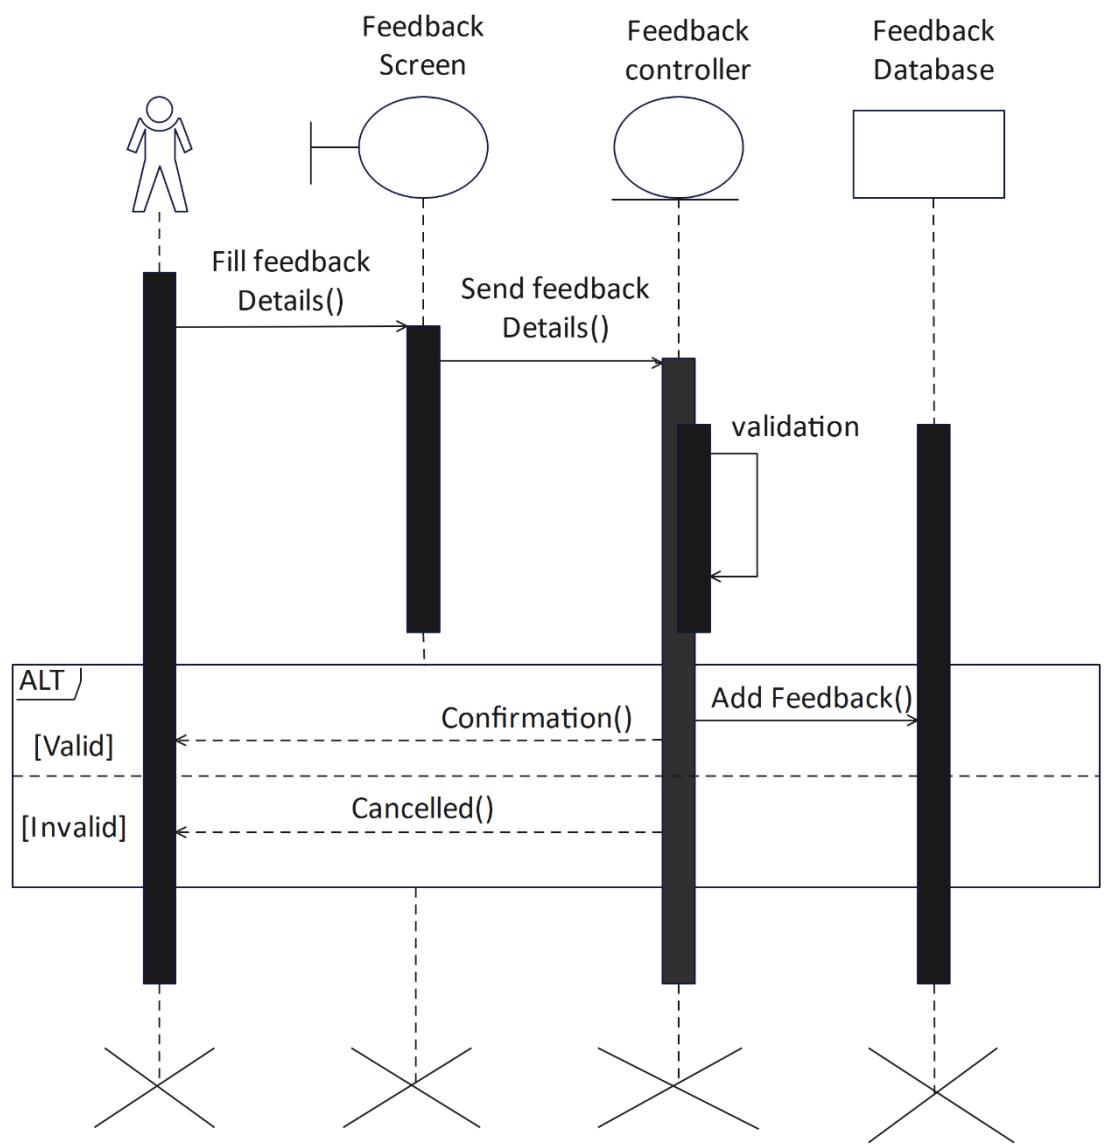

- **Sequence Diagram for Admin: -**

- **Sequence Diagram for User: -**

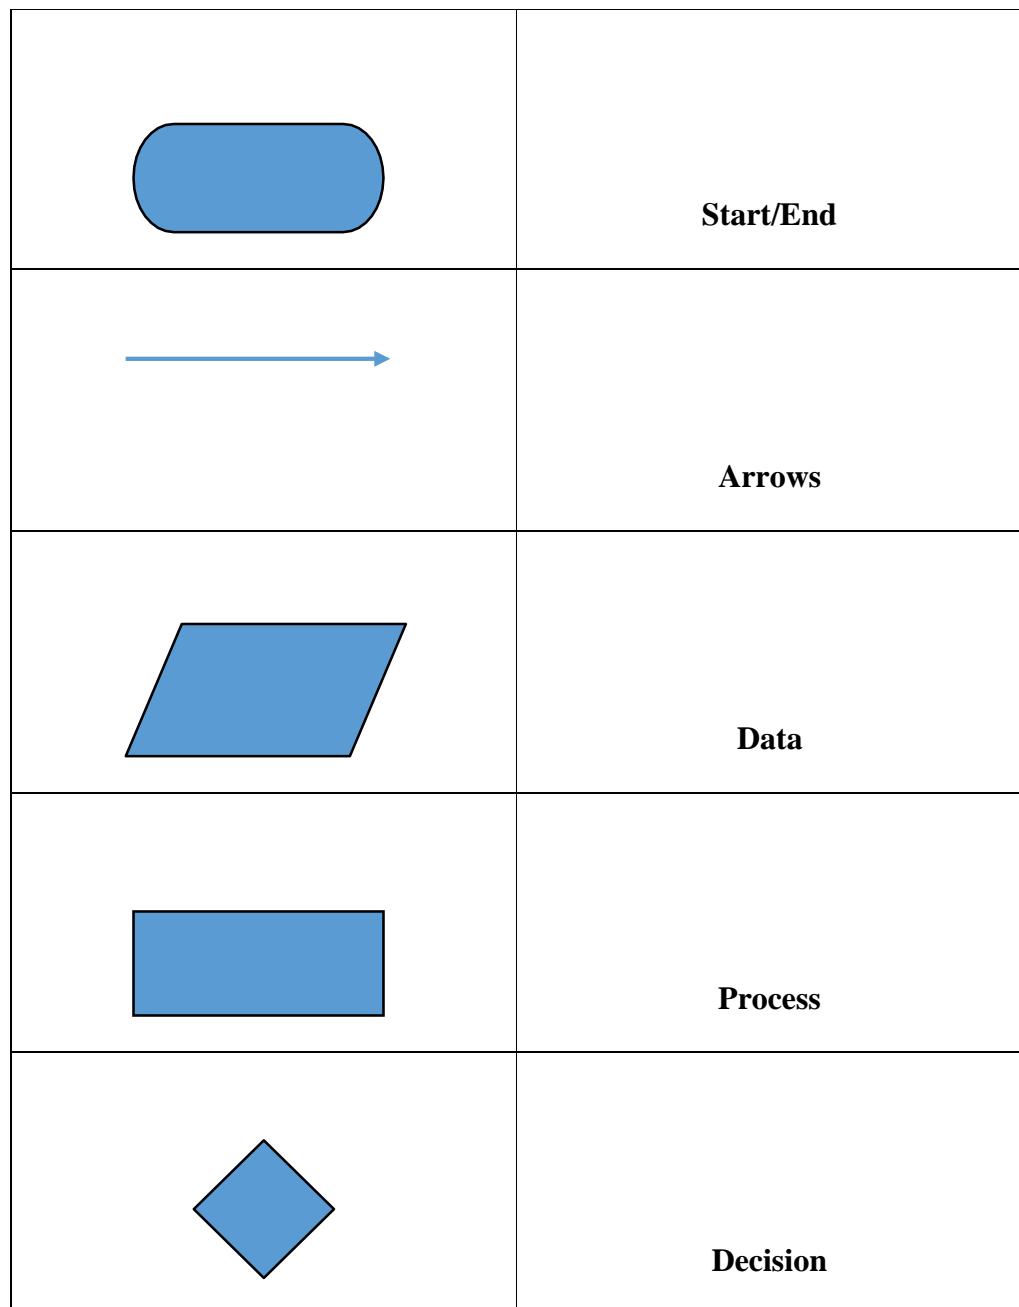

- **Feedback sequence diagram: -**

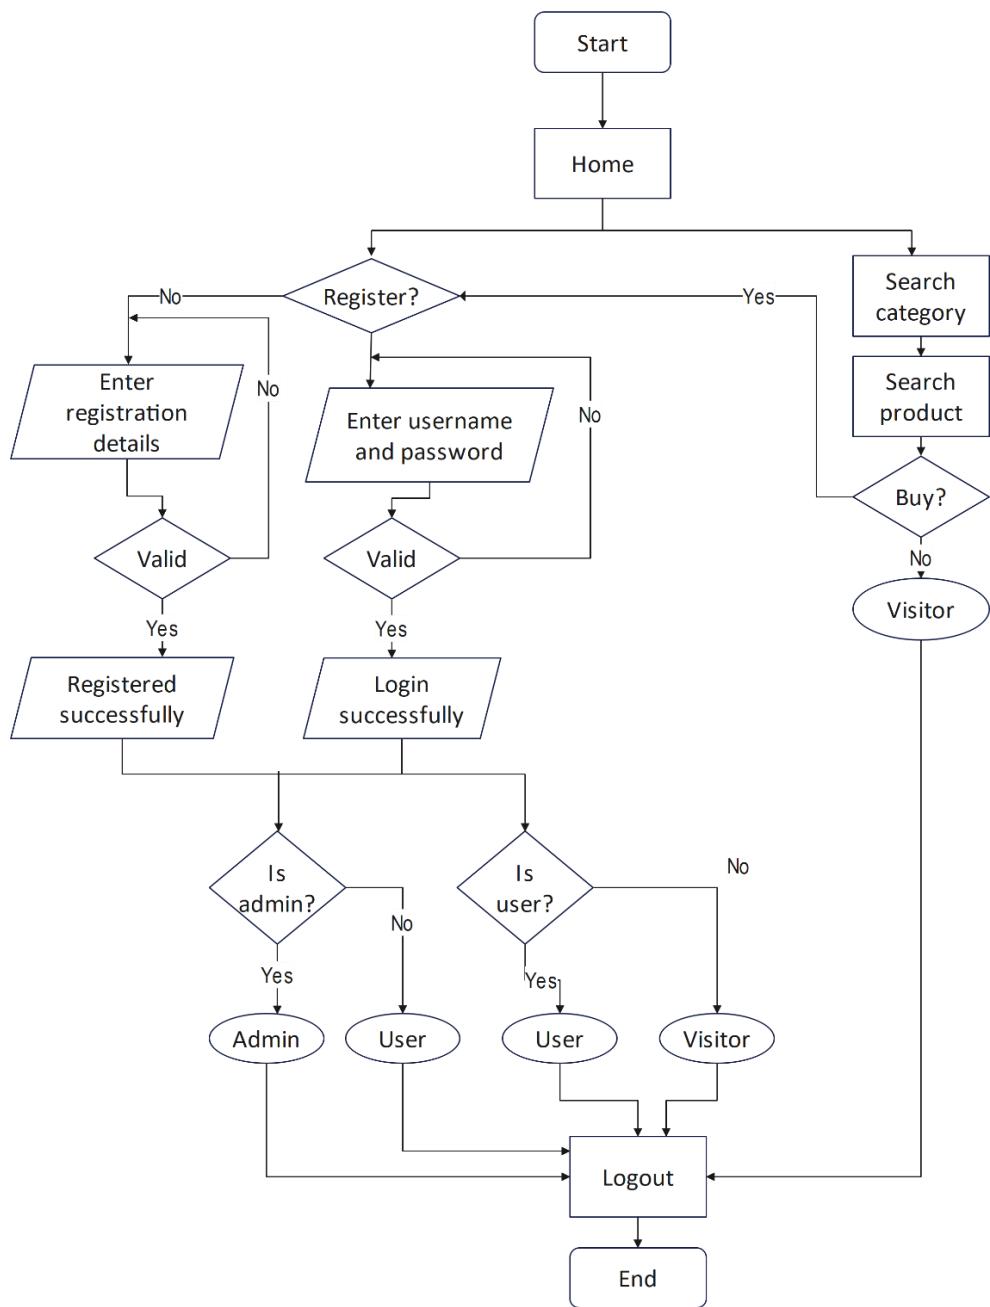

[4.2] System Flow Diagram:

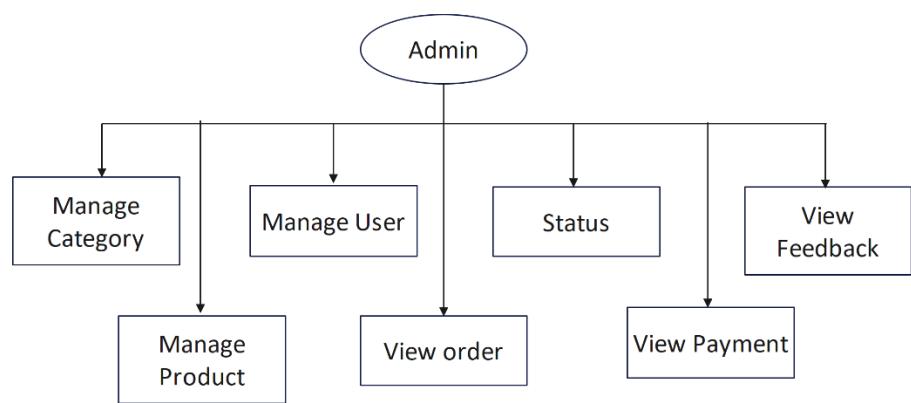

- This is diagram which helps to show the actual flow of the system that is how a system is going to work and what is its flow, from where it is starting and what are its functionalities and how we are going to exit out from our system.

- A SFD (System Flow Diagram) shows what kind of information will be input to and output from the system where the data will come from and go to, and where the data will be stored. It gives the clear idea about the whole process, say it an application or a normal data flow.

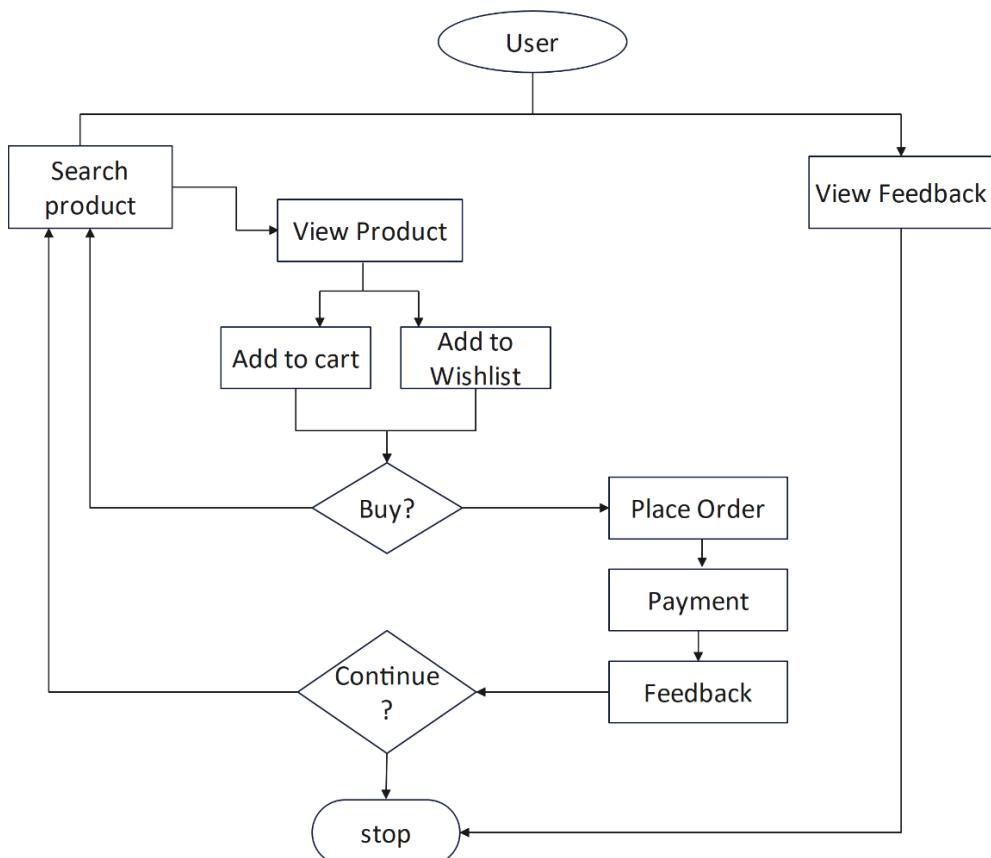

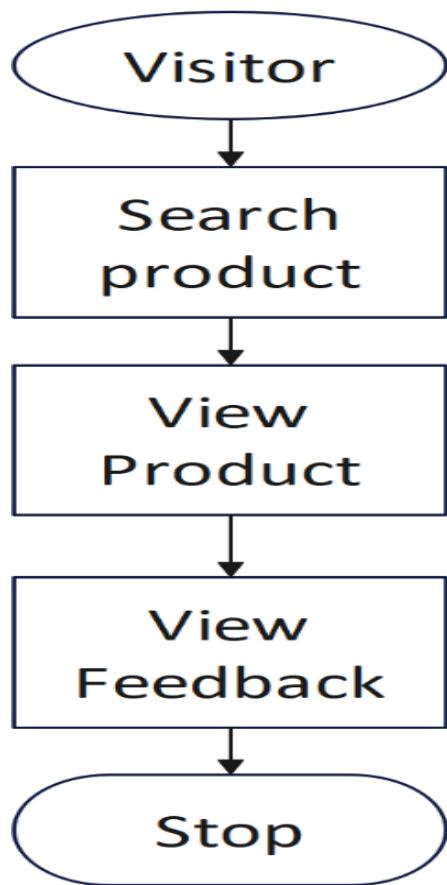

- **System Flow Diagram for Admin: -**

- **System Flow Diagram for User: -**

- **System Flow Diagram for Visitor: -**

[4.3] Data Dictionary: -

tbl_admin:

primary key: admin_id

Column name	Data type	Size	Constraint	Description
admin_id	Int	5	Primary key	It stores unique id of admin.
admin_name	Varchar	15	Not Null	It stores name of admin.
admin_email	Varchar	30	Not Null	It stores email of admin.
admin_password	Varchar	10	Unique key	It verifies password of admin.

admin_mobile	Number	10	Not Null	It stores Mobile number of admin.
--------------	--------	----	----------	-----------------------------------

tbl_user:

primary key: user_mobile

primary key: user_id

Column name	Data type	Size	Constraint	Description
user_id	Int	5	Primary key	It stores unique id of User.
user_name	Varchar	15	Not Null	It stores Name of user.
user_gender	Varchar	6	Not Null	It stores Gender of user.
user_dob	Date		Not Null	It stores Date of birth of user.
user_email	Varchar	30	Not Null	It stores email of user.
user_password	Varchar	20	Not Null	It stores password of user.
user_mobile	Number	10	Primary key	It stores mobile number of user.
user_address	varchar	150	Not Null	It stores address of user.

tbl_category:

primary key: category_id

Column name	Data type	Size	Constraint	Description
category_id	Int	5	Primary key	Category id for categories.
category_name	Varchar	15	Not Null	Contains name of categories.

tbl_product:

primary key: product_id

foreign key:category_id

Column name	Data type	Size	Constraint	Description
product_id	Int	5	Primary key	It stores unique id of Product.
product_name	Varchar	20	Not Null	It stores Name of Product.
product_details	Text		Not Null	It stores Details of Product.
product_photo	Varchar	80	Not Null	It stores Photo of Product.
product_price	Float	5,2	Not Null	It stores Price of Product.

category_id	Int	5	Foreign key	It stores Category id of Product.
product_quantity	Int	20	Not Null	It stores product Quantity.

tbl_wishlist:

primary key:wishlist_id

Column name	Data type	Size	Constraint	Description
wishlist_id	Int	5	Primary key	It stores wishlist id.
user_id	Int	5	Foreign key	It stores user id.
product_id	Int	5	Foreign key	It stores product id.

tbl_cart:

primary key:cart_id

foreign key:product_id

foreign key: user_id

Column name	Data type	Size	Constraint	Description
cart_id	Int	5	Primary key	It stores Unique cart id.
product_id	Int	5	foreign key	It stores Id of product.
quantity	Int	20	Not Null	It stores quantity of cart.
price	Float	5,2	Not Null	It stores Price of Cart.
user_id	Varchar	5	foreign key	It stores user id.

tbl_ordermaster:

primary key:order_id

foreign key:user_id

Column name	Data type	Size	Constraint	Description
order_id	Int	5	Primary key	It stores unique id of Order.
ordermaster_date	Date		Not Null	It stores Order date of order.
ordermaster_status	Varchar	20	Not Null	It stores order Status.
user_id	Int	5	Foreign key	It store User id.

tbl_orderdetail:

primary key:orderdetail_id

foreign key:order_id

foreign key:product_id
 foreign key:product_price

Column name	Data type	Size	Constraint	Description
orderdetail_id	Int	5	Primary key	It stores detail of order.
order_id	Int	5	Foreign key	It stores Order id.
product_id	Int	5	Foreign key	It stores id of Product.
product_price	Float	5,2	Foreign key	It stores Price of orderdetail.
Orderdetail_quantity	Int	20	Not Null	It stores quantity.

tbl_shipping:

primary key:shipping_id
 foreign key:user_mobile
 foreign key:user_id
 foreign key:order_id

Column name	Data type	Size	Constraint	Description
shipping_name	Varchar	25	Not Null	It stores name of Shipping.
user_mobile	Number	10	Foreign key	It stores mobile number of user.
shipping_address	Text		Not Null	It stores address of Shipping.
shipping_id	Int	5	Primary key	It store shipping id.
order_id	Int	5	Foreign key	It stores unique id of Order.
shipping_date	date	10	Not Null	It stores date of Shipping.

tbl_payment:

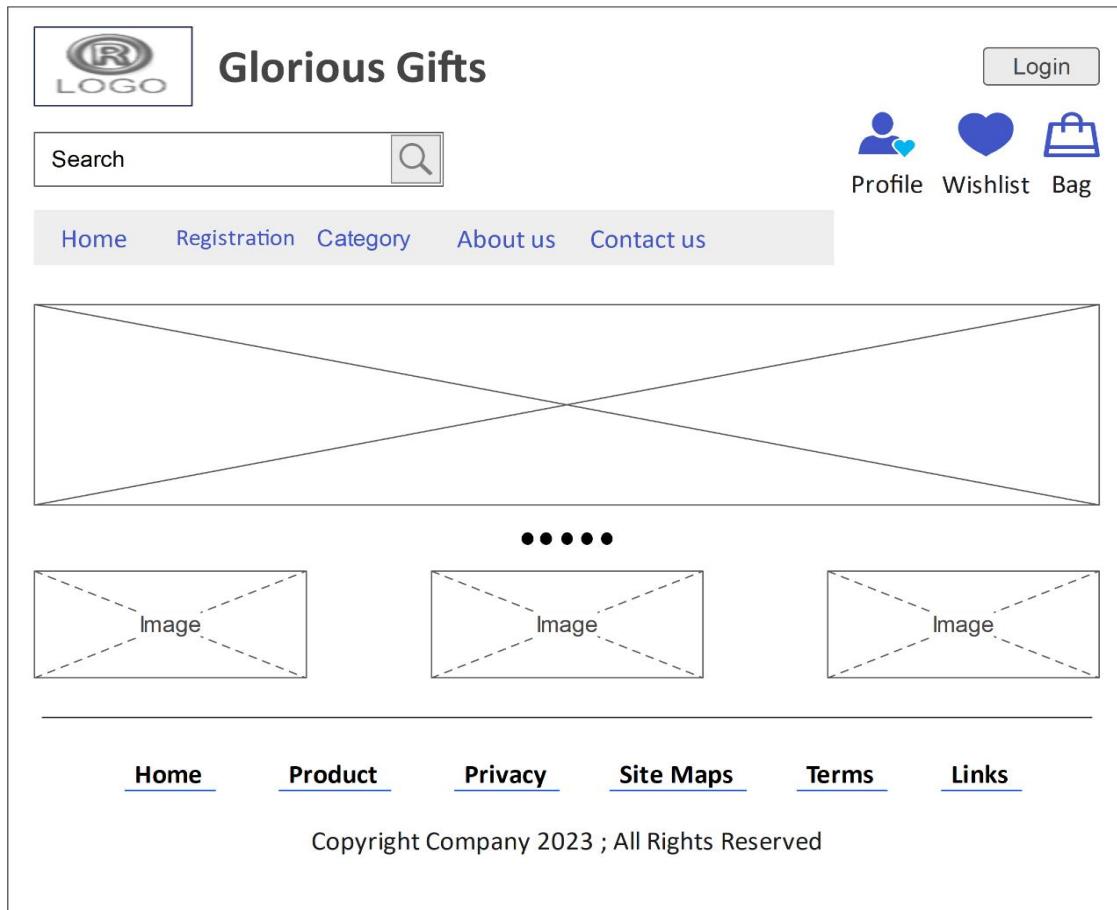

primary key:payment_id
 foreign key:user_id
 foreign key:order_id

Column name	Data type	Size	Constraint	Description
payment_id	Int	5	Primary key	It stores unique id of Payment.
user_id	Int	5	Foreign key	It stores unique id of User.
payment_method	Varchar	30	Not Null	It stores payment method.
payment_amount	Float	20	Not Null	It stores total amount to be paid.
order_id	Int	5	Foreign key	It stores Order id.

tbl_feedback:

primarykey:feedback_id
 foreign key:user_id
 foreign key:product_id

Column name	Data type	Size	Constraint	Description
feedback_id	Int	5	Primary key	It stores unique id of Feedback.
feedback_date	Date		Not Null	It stores feedback date.
user_id	Int	5	Foreign key	It stores user id.
feedback_details	Text		Not Null	It stores feedback description given by user
product_id	Int	5	Foreign key	It stores product id.

Chapter 5

- **Admin Panel:**

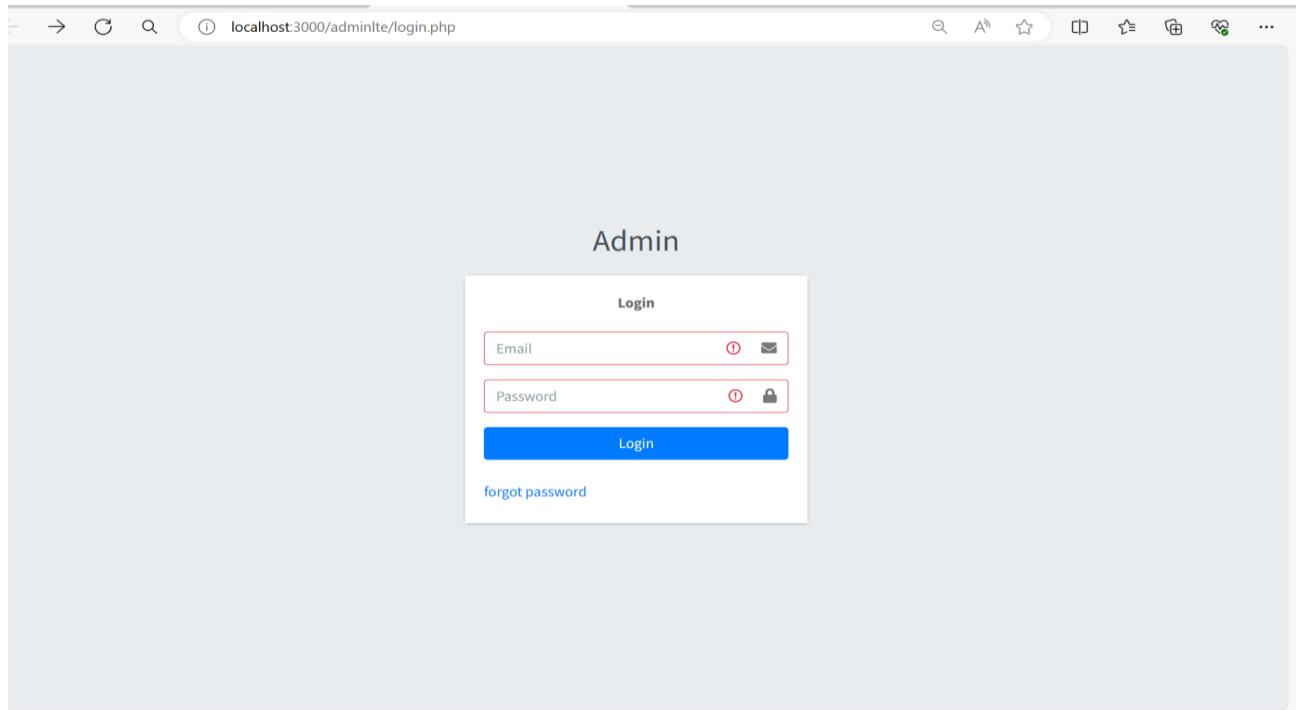

➤ Home Page

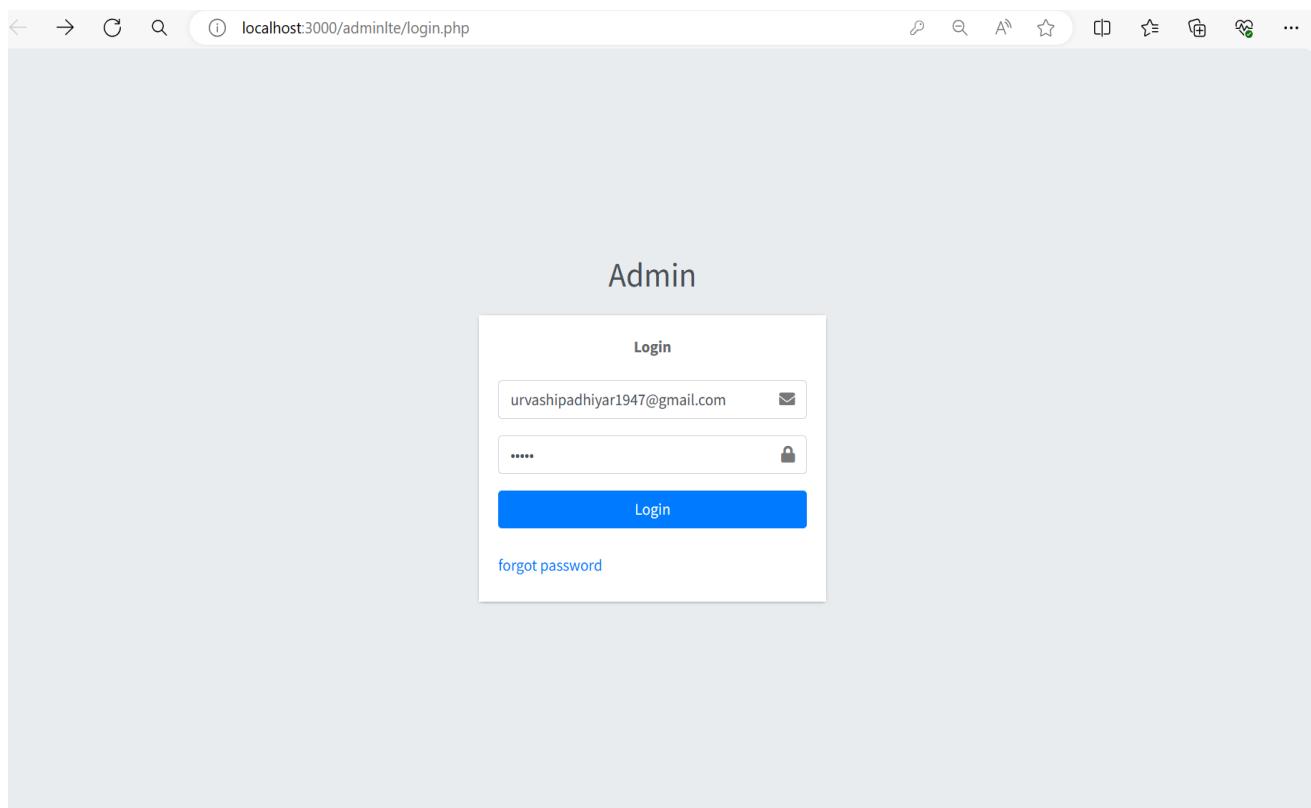

➤ Login

The screenshot shows the AdminLTE login page. It features a central 'Login' form with fields for 'Email' and 'Password', a 'Login' button, and a 'forgot password' link. The background has a light gray gradient.

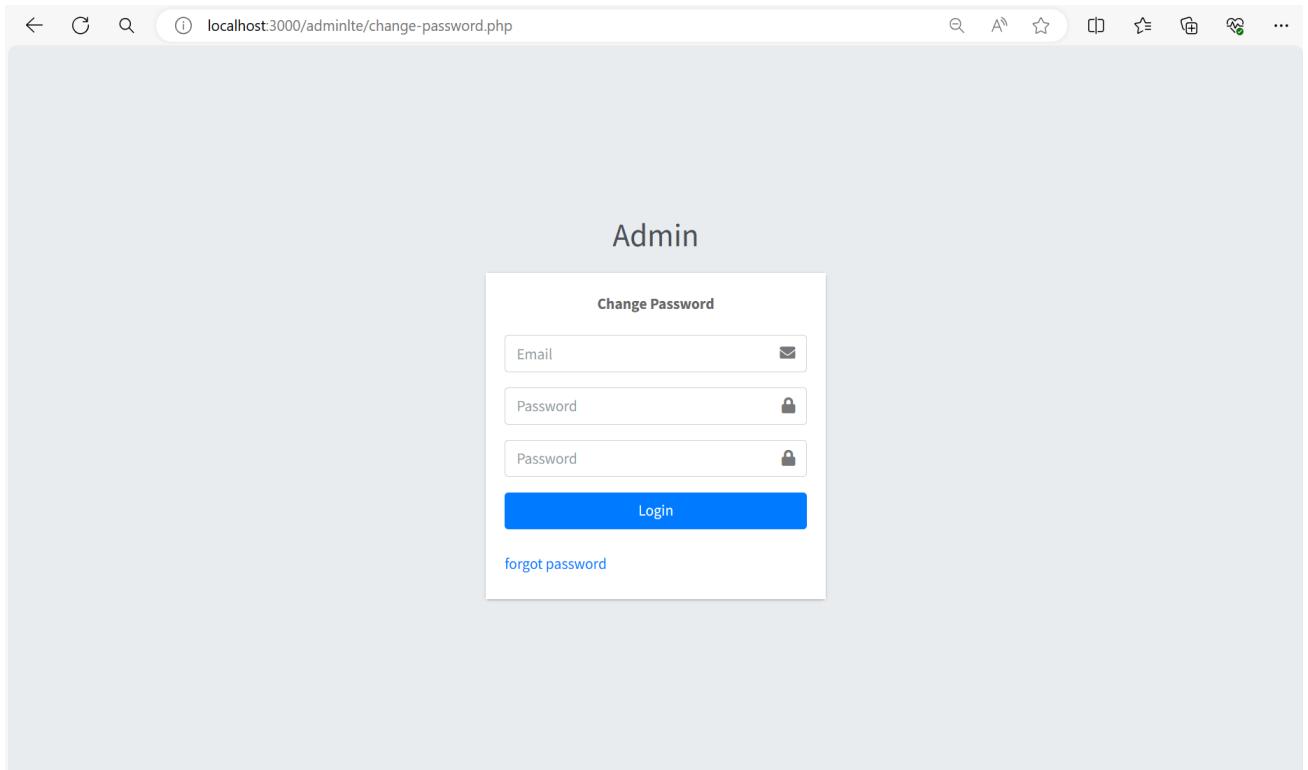

➤ Login with validation

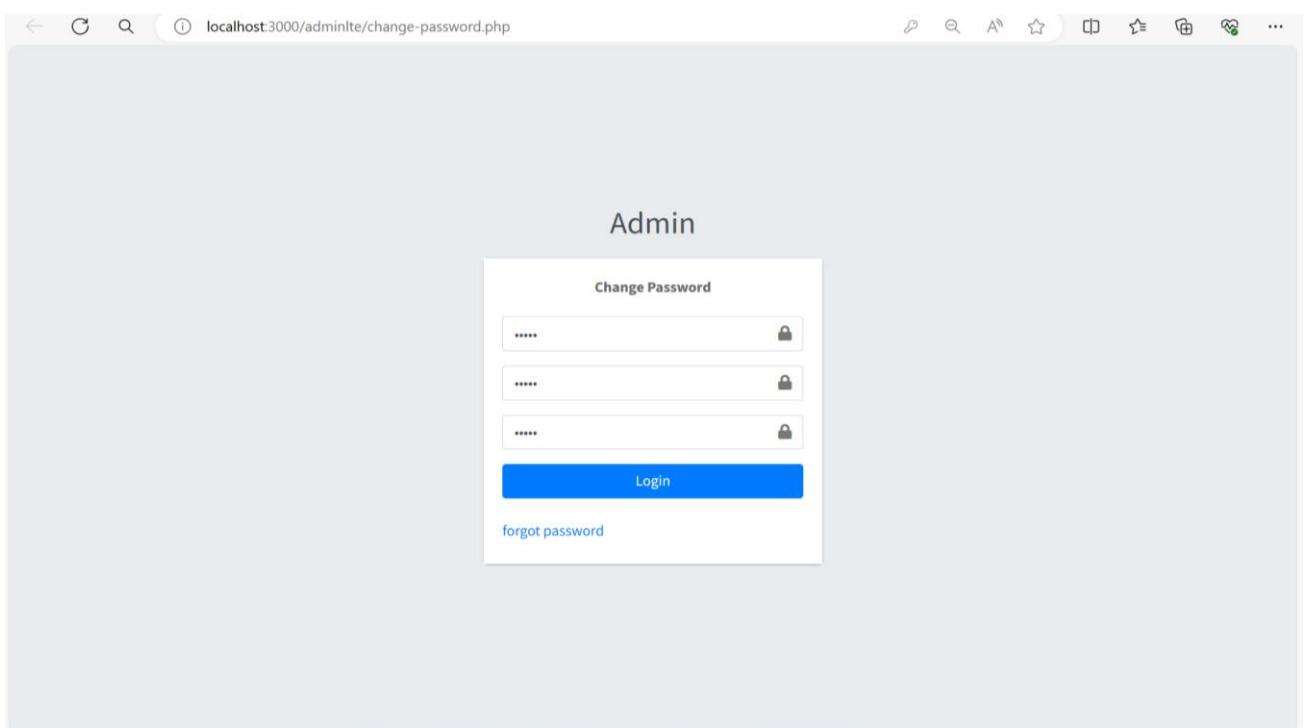

➤ Login with Data

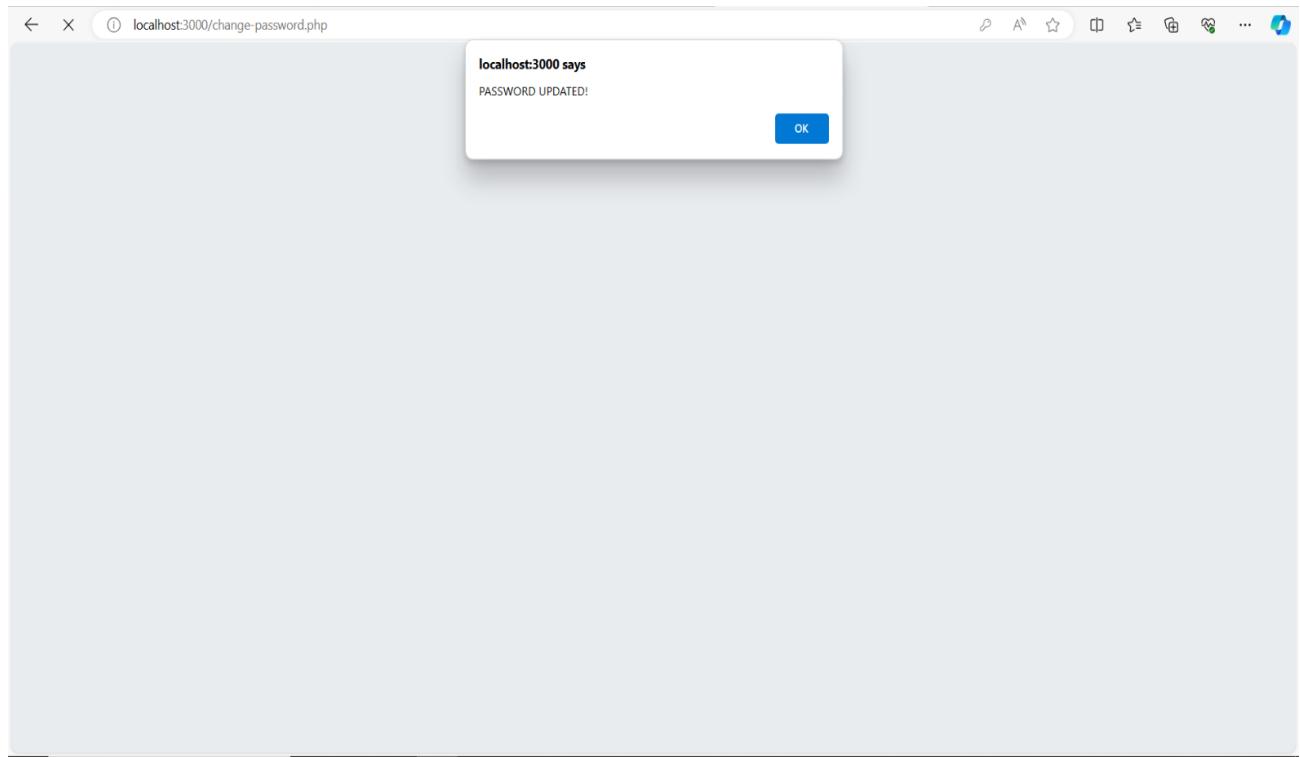

➤ Change Password

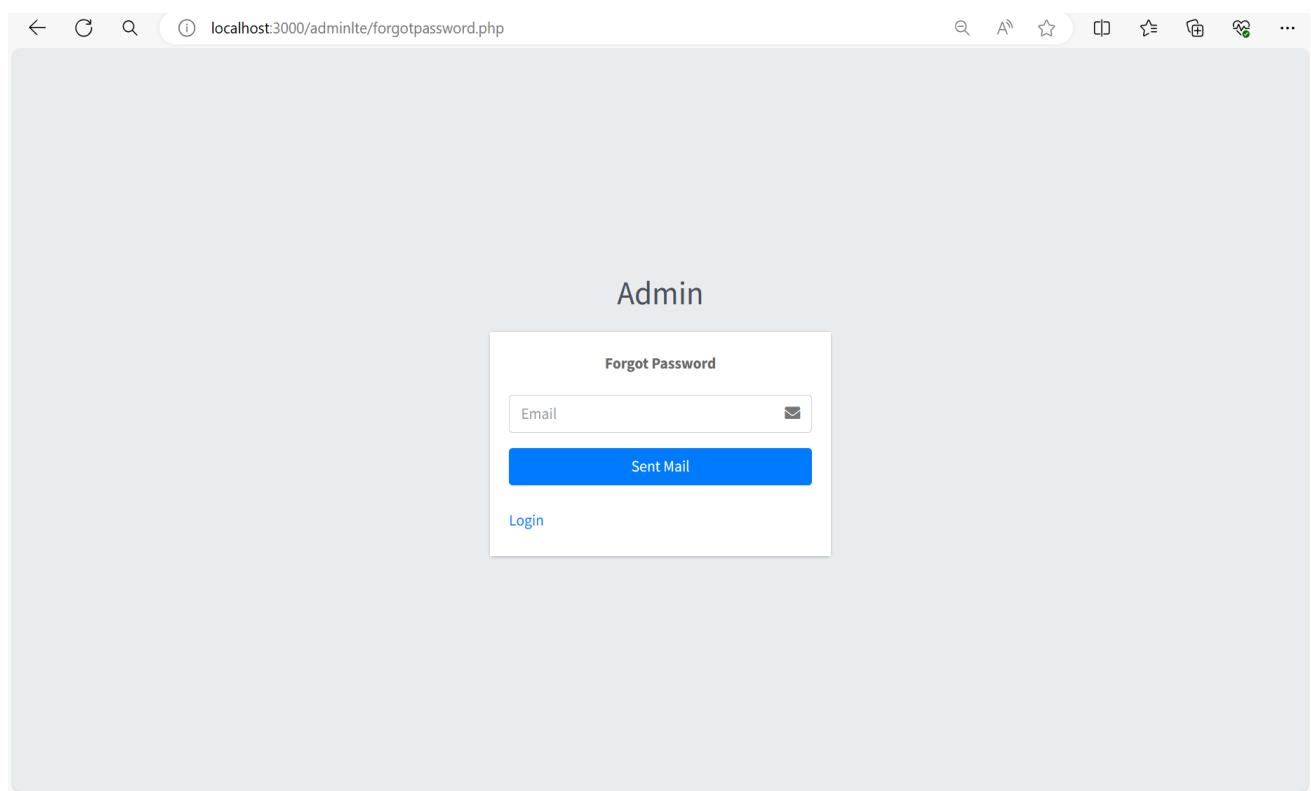

➤ Change Password With Data

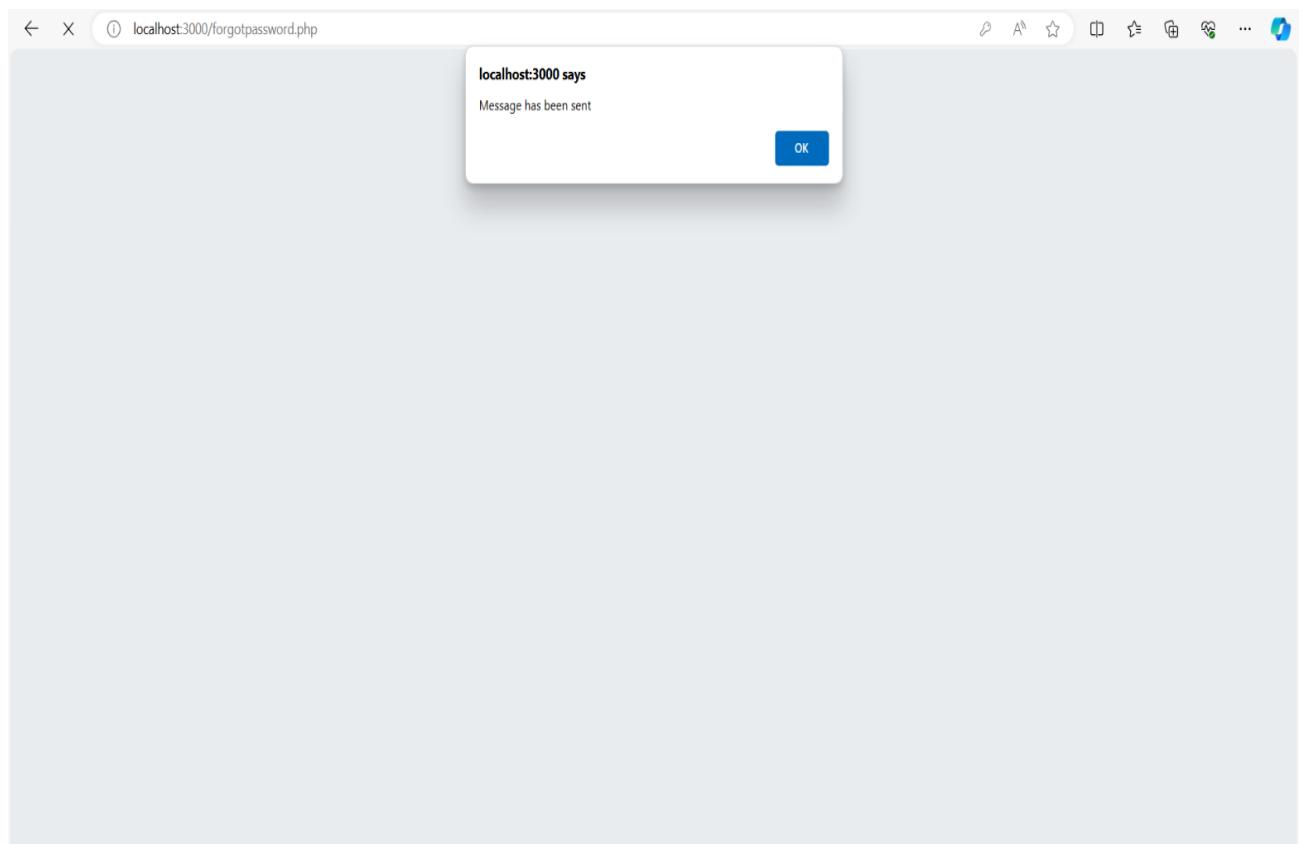

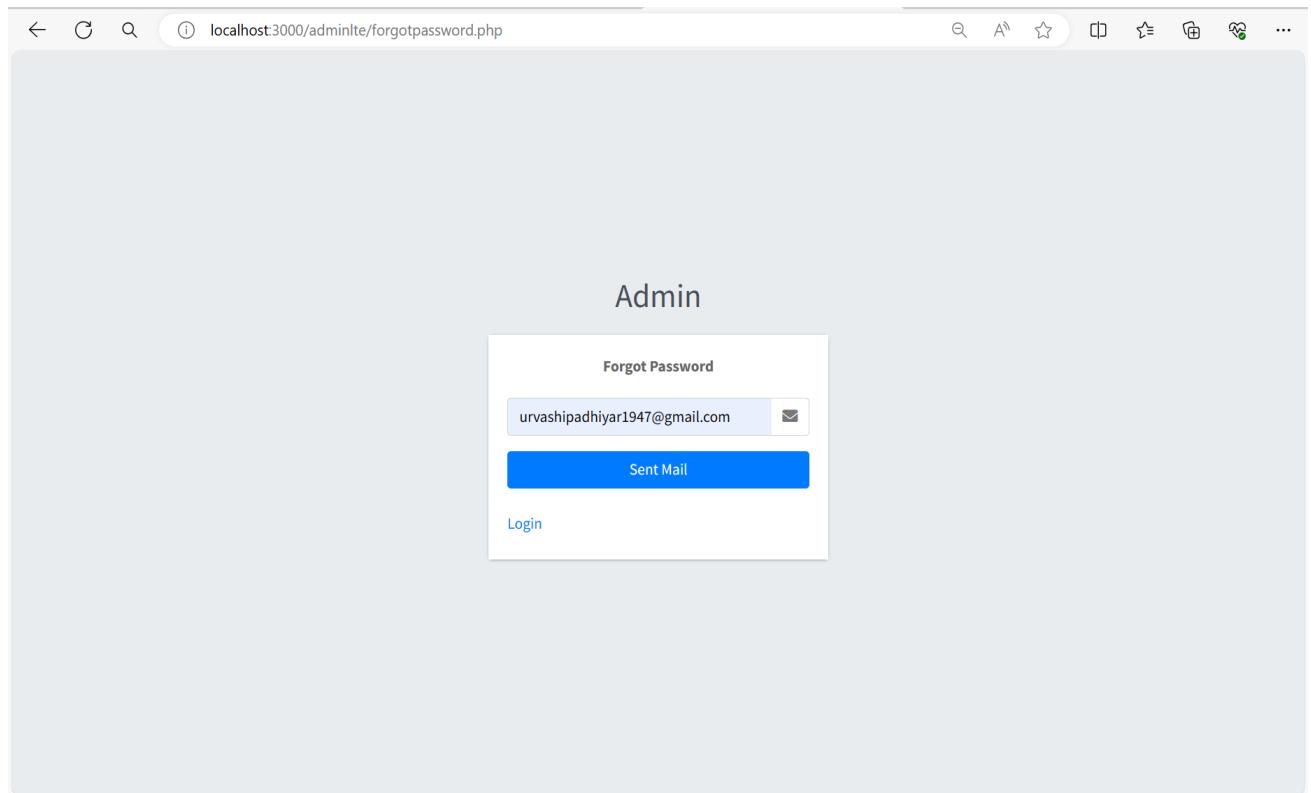

➤ Password Changed

➤ Forgot Password

➤ Forgot Password With Data

The screenshot shows a Gmail inbox with 1,745 messages. A new email from "Urvashi <project26usk@gmail.com>" is selected, with the subject "Here is the subject". The message body contains the text: "Hello Your password is 12345". Below the message, there is an AI interaction prompt: "Write your reply to generate with AI" with options "Yes", "No", and "Follow up". At the bottom of the email view are "Reply", "Forward", and a smiley face icon.

➤ Admin Form

The screenshot shows an "Admin" form interface. The sidebar on the left lists "Admin", "Forms", "Admin", "Category", "Product", and "Tables". The main form area has a blue header bar. It contains four input fields with validation errors: "Name" (placeholder "Enter Name", error "This field is required."), "Email" (placeholder "Enter Email", error "This field is required."), "Password" (placeholder "Enter Password", error "This field is required."), and "Mobile number" (placeholder "Enter Mobile number", error "This field is required."). A "Submit" button is at the bottom of the form.

Home / Tables / Category

➤ Delete Category

The screenshot shows a web-based administration interface for managing categories. On the left, a sidebar menu includes 'Admin', 'Glorious Gifts', 'Forms' (selected), 'Admin', 'Category', 'Product', and 'Tables'. The main content area displays a table titled 'Category' with columns 'ID', 'Name', and 'Action'. The table contains 17 rows of data. A modal dialog box is overlaid on the page, asking 'localhost:3000 says sure?' with 'OK' and 'Cancel' buttons.

ID	Name	Action
1	Cakes	Edit Delete
2	Flowers	Edit Delete
3	Chocolates	Edit Delete
4	Hampers	Edit Delete
5	Plants	Edit Delete
6	Watch	Edit Delete
7	Purse	Edit Delete
8	Fashion and Life style	Edit Delete
9	Jewellery	Edit Delete
10	Gourment	Edit Delete
16	Perfume	Edit Delete
17	Watch	Edit Delete

The screenshot shows the same web application after a record has been deleted. The URL in the address bar is 'localhost:3000/adminlte/category-table.php?did=17'. A modal dialog box displays the message 'localhost:3000 says Record deleted!' with an 'OK' button. The taskbar at the bottom shows various application icons and the system clock indicating 5:36 PM on 4/5/2024.

16	Perfume	Edit Delete

The screenshot shows a web-based administration interface. The top navigation bar includes a back arrow, refresh button, and a URL bar showing `localhost:3000/adminlte/edit-category.php?eid=1`. The top right corner has standard browser icons. The left sidebar, titled 'Admin', contains a user profile icon for 'Glorious Gifts' and a navigation menu with items: Admin (selected), Forms (selected), Admin, Category, Product, and Tables. The main content area is titled 'Category'. It features a form with a 'Name' field containing 'Clothes' and a blue 'Submit' button. The bottom of the page displays a copyright notice: 'Copyright © 2024 Glorious Gifts. All rights reserved.'

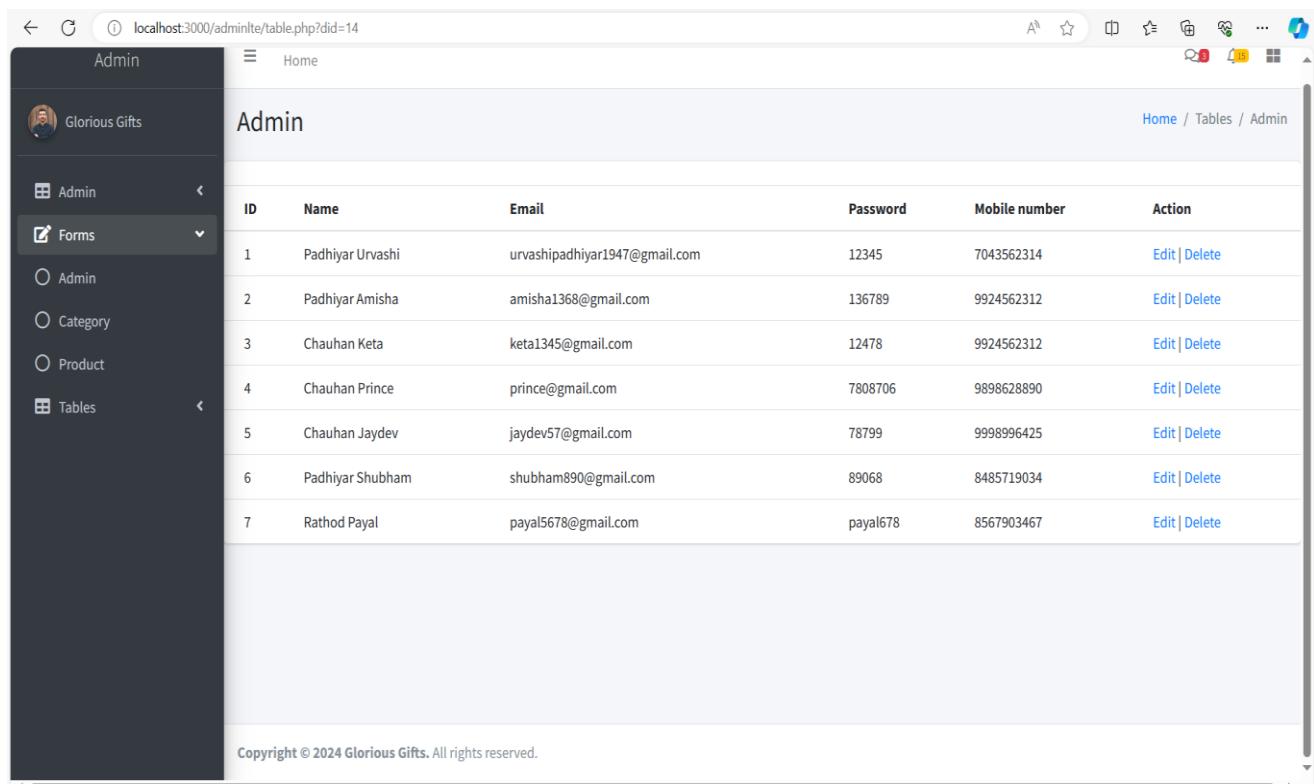

The screenshot shows a web-based administration interface for a database. On the left, a dark sidebar menu lists 'Admin', 'Forms' (which is currently selected), 'Admin', 'Category', 'Product', and 'Tables'. The main content area has a header 'Category' and a breadcrumb trail 'Home / Tables / Category'. A table displays 16 categories with columns for 'ID', 'Name', and 'Action' (Edit | Delete). The categories listed are Clothes, Flowers, Chocolates, Hampers, Plants, Watch, Purse, Fashion and Life style, Jewellery, Gourmet, and Perfume.

ID	Name	Action

➤ Admin Table

The screenshot shows a web-based administration interface for a database. On the left, a dark sidebar menu lists 'Admin', 'Forms' (which is currently selected), 'Admin', 'Category', 'Product', and 'Tables'. The main content area has a header 'Admin' and a breadcrumb trail 'Home / Tables / Admin'. A table displays 7 admin users with columns for 'ID', 'Name', 'Email', 'Password', 'Mobile number', and 'Action'. The users listed are Padhiyar Urvashi, Padhiyar Amisha, Chauhan Keta, Chauhan Prince, Chauhan Jaydev, Padhiyar Shubham, and Rathod Payal.

ID	Name	Email	Password	Mobile number	Action
1	Padhiyar Urvashi	urvashipadhiyar1947@gmail.com	12345	7043562314	Edit Delete

➤ User Table

The screenshot shows a web-based administration interface for managing user data. The left sidebar is a dark-themed navigation menu with sections for Admin, Forms, Admin, Category, Product, and Tables. Under Tables, 'User' is selected. The main content area has a header 'User' and a breadcrumb trail 'Home / Tables / User'. A table lists 11 users with the following data:

ID	Name	Gender	Date of birth	Email	Password	Date of birth	Action
1	Padhiyar Urvashi	Female	2009-07-11	akash@gmail.com	456	2009-07-11	Edit Delete

➤ Category Table

The screenshot shows a web-based administration interface for managing category data. The left sidebar is a dark-themed navigation menu with sections for Admin, Forms, Admin, Category, Product, and Tables. Under Tables, 'Category' is selected. The main content area has a header 'Category' and a breadcrumb trail 'Home / Tables / Category'. A table lists 16 categories with the following data:

ID	Name	Action
1	Clothes	Edit Delete
2	Flowers	Edit Delete
3	Chocolates	Edit Delete
4	Hampers	Edit Delete
5	Plants	Edit Delete
6	Watch	Edit Delete
7	Purse	Edit Delete
8	Fashion and Life style	Edit Delete
9	Jewellery	Edit Delete
10	Gourment	Edit Delete
16	Perfume	Edit Delete

➤ Product Table

localhost:3000/adminlte/product-table.php

The screenshot shows a web-based administration interface for a product database. On the left, a sidebar menu is visible under the 'Admin' section, with 'Forms' and 'Tables' expanded. Under 'Tables', several tables are listed: Admin Table, User Table, Category Table, product Table, wishlist Table, Cart Table, Ordermaster Table, and OrderDetails Table. The main content area is titled 'Product' and displays a table of products. The table has columns: ID, Name, price, Category, Product quantity, photo, and Action. The data shows 11 entries of various cakes, all categorized as 'Clothes'. Each row includes a small thumbnail image of the cake and 'Edit | Delete' links.

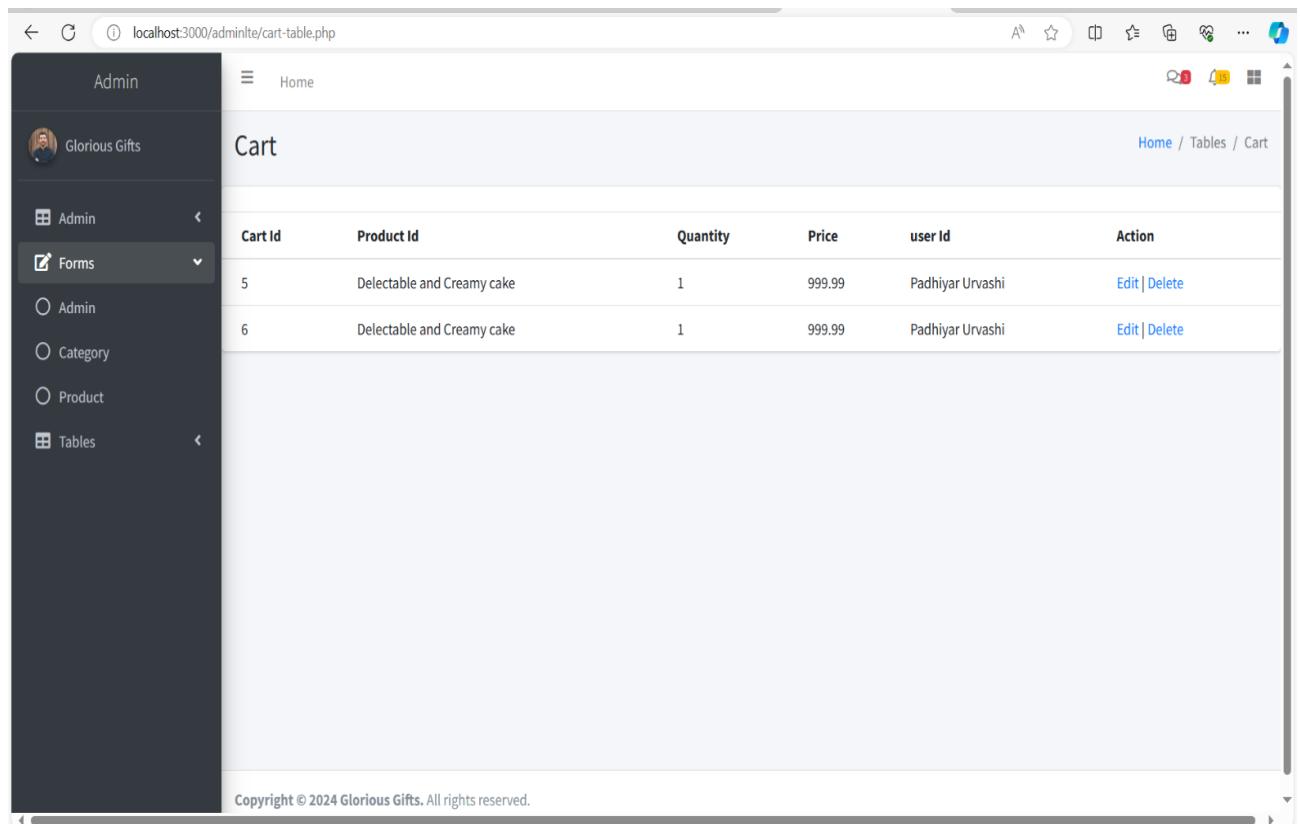

ID	Name	price	Category	Product quantity	photo	Action
1	Delectable and Creamy cake	1000	Clothes	10		Edit Delete
2	Choco Indulgence Birthday Cake	1499	Clothes	5		Edit Delete
3	Pink Ombre Mini Birthday Cake	1899	Clothes	5		Edit Delete
4	Chocolate Delight Cake	645	Clothes	7		Edit Delete
5	Red Velvet Birthday Special Cake	1090	Clothes	5		Edit Delete
6	Salted Caramel Drizzle Fantasy Cake	745	Clothes	10		Edit Delete
7	Pristine Cake with Sprinkles	780	Clothes	8		Edit Delete
8	Exotic Pineapple Birthday Cake	745	Clothes	6		Edit Delete
9	Purple Passion Cake	800	Clothes	9		Edit Delete
10	Delectable Chocolate Truffle Birthday Cake	745	Clothes	6		Edit Delete
11	Choco Chip Loaded Birthday Cake	450	Clothes	3		Edit Delete

localhost:3000/adminlte/product-table.php

This screenshot shows the same AdminLTE interface, but the main content area now displays a different set of products. The table has columns: ID, Name, price, Category, Product quantity, photo, and Action. The data shows 14 entries of various flower arrangements and chocolates, all categorized as 'Flowers' or 'Chocolates'. Each row includes a small thumbnail image of the item and 'Edit | Delete' links.

12	Floral Enchantment Bouquet	1055	Flowers	13		Edit Delete
13	A Royal Affair	545	Flowers	10		Edit Delete
14	Lilac Morning	1550	Flowers	12		Edit Delete
15	Radiant Blooms	995	Flowers	15		Edit Delete
16	A Walk in the Garden Basket	2450	Flowers	15		Edit Delete
17	Serene White Roses Bouquet	595	Flowers	15		Edit Delete
18	Indigo Charm	1245	Flowers	15		Edit Delete
19	Floral Fiona	2445	Flowers	16		Edit Delete
20	Loving You Forever Roses	745	Flowers	16		Edit Delete
21	Blushing Love Surprise	1345	Flowers	17		Edit Delete
22	Premium Couverture Chocolate Hamper	1345	Chocolates	16		Edit Delete
23	The Masqa Dark Chocolate Bundle	550	Chocolates	17		Edit Delete
24	The Masqa Milk Chocolate Bundle	854	Chocolates	19		Edit Delete
25	Fruit & Nut Hamper with Gift Box	1295	Chocolates	10		Edit Delete
26	Chocolate Euphoria Arrangement	1256	Chocolates	19		Edit Delete

➤ Cart Table

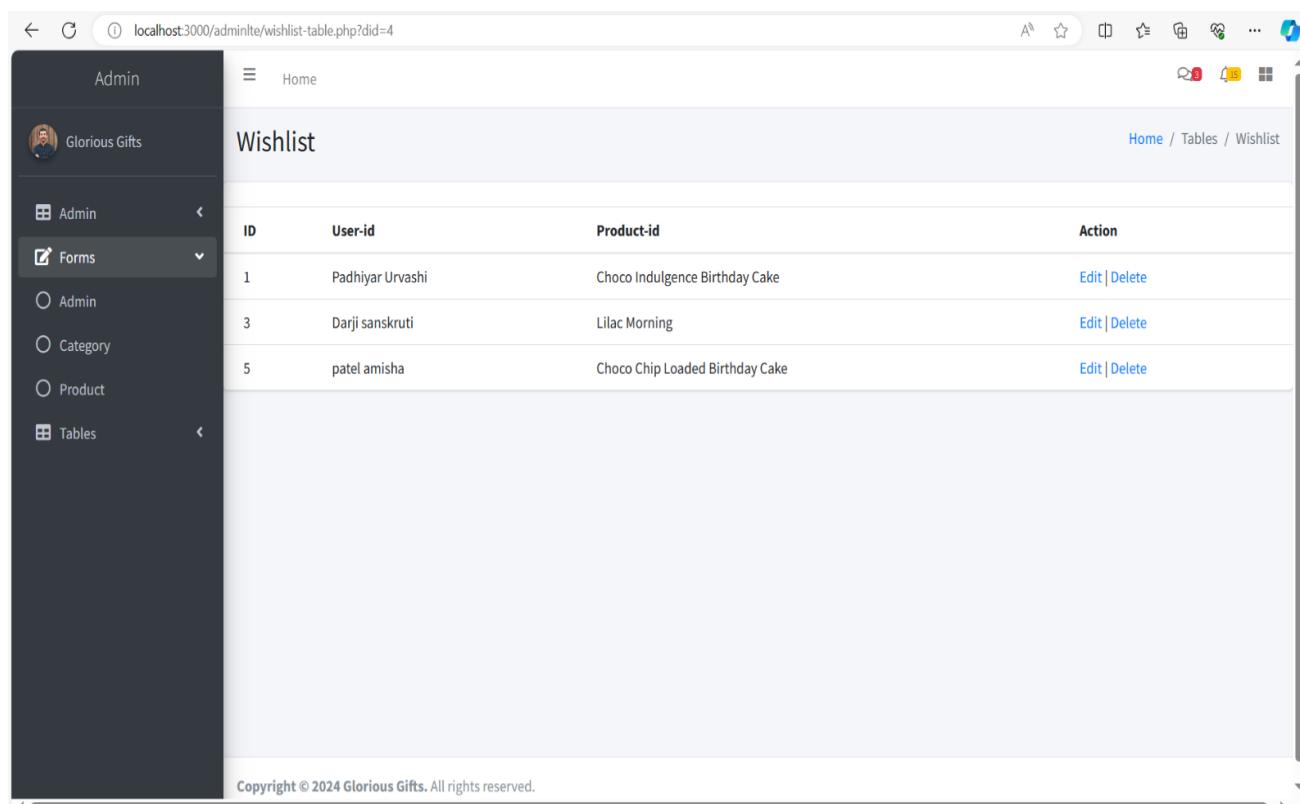

The screenshot shows a web-based administration interface for a gift shop. The left sidebar is dark-themed with white text, showing navigation options: Admin, Forms (selected), Admin, Category, Product, and Tables. The main content area has a light background. At the top, it says "Home / Tables / Cart". Below this, the title "Cart" is displayed. A table lists two items:

Cart Id	Product Id	Quantity	Price	userId	Action
5	Delectable and Creamy cake	1	999.99	Padhiyar Urvashi	Edit Delete
6	Delectable and Creamy cake	1	999.99	Padhiyar Urvashi	Edit Delete

At the bottom of the page, a copyright notice reads "Copyright © 2024 Glorious Gifts. All rights reserved."

➤ Wishlist Table

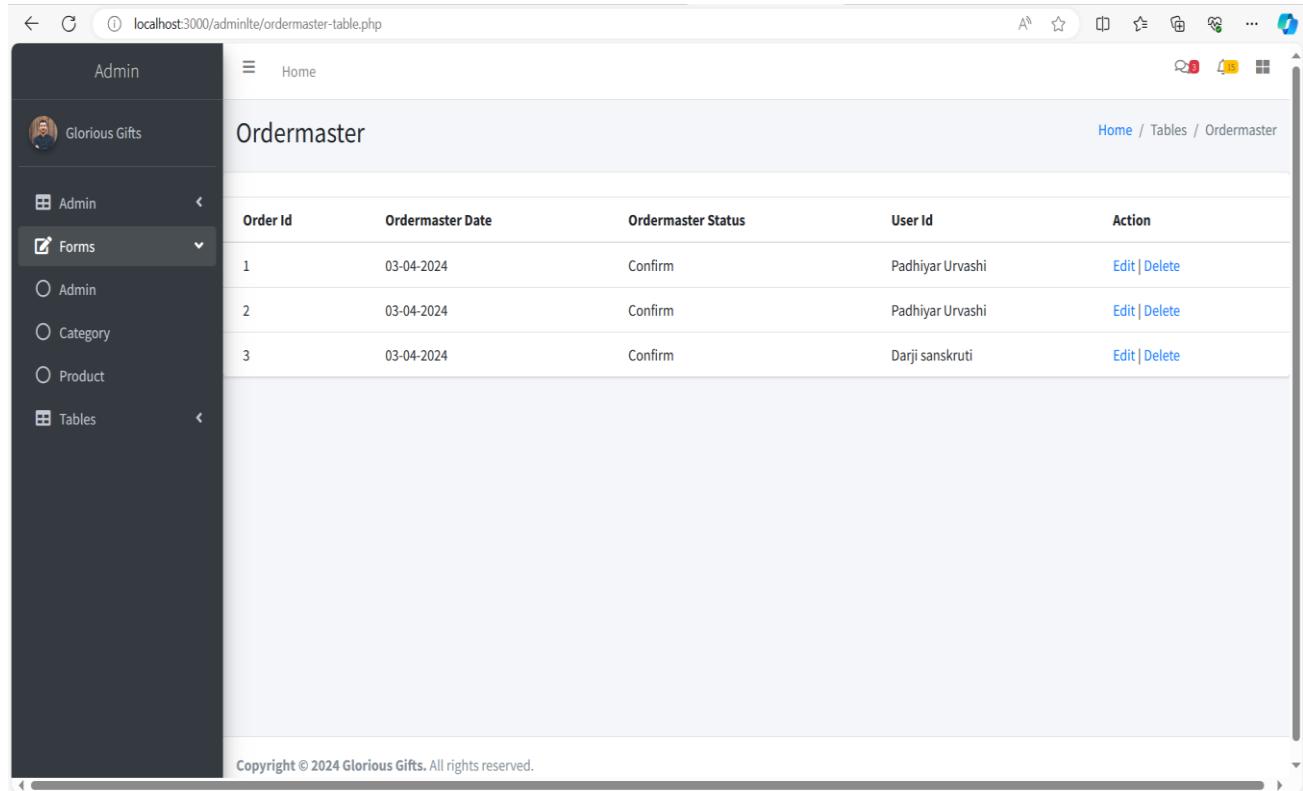

The screenshot shows a web-based administration interface for a gift shop. The left sidebar is dark-themed with white text, showing navigation options: Admin, Forms (selected), Admin, Category, Product, and Tables. The main content area has a light background. At the top, it says "Home / Tables / Wishlist". Below this, the title "Wishlist" is displayed. A table lists three items:

ID	User-id	Product-id	Action
1	Padhiyar Urvashi	Choco Indulgence Birthday Cake	Edit Delete
3	Darji sanskruti	Lilac Morning	Edit Delete
5	patel amisha	Choco Chip Loaded Birthday Cake	Edit Delete

At the bottom of the page, a copyright notice reads "Copyright © 2024 Glorious Gifts. All rights reserved."

➤ Ordermaster Table

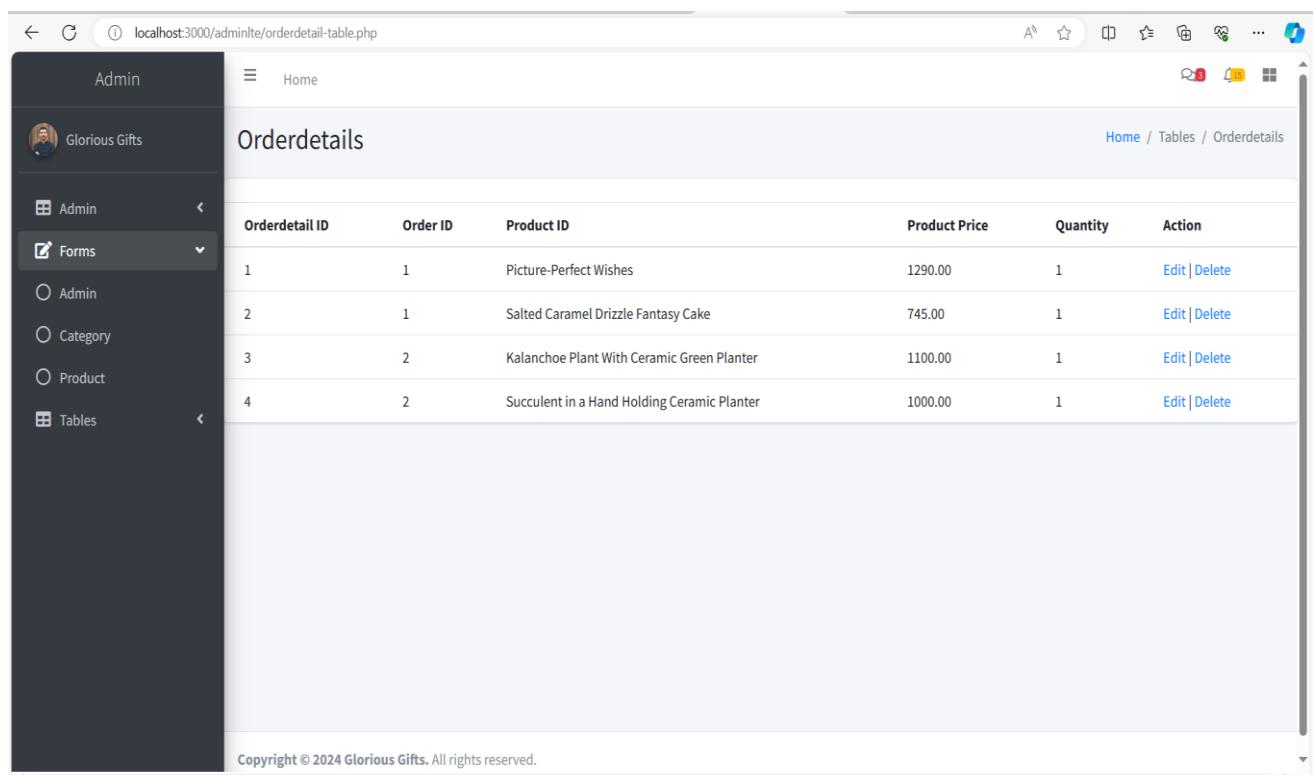

The screenshot shows a web-based administration interface for a gift store. The left sidebar is dark-themed with white text, showing navigation options for Admin, Forms, and Tables. Under Forms, 'Ordermaster' is selected. The main content area has a light background and displays a table titled 'Ordermaster'. The table has columns: Order Id, Ordermaster Date, Ordermaster Status, User Id, and Action. The data shows three entries:

Order Id	Ordermaster Date	Ordermaster Status	User Id	Action
1	03-04-2024	Confirm	Padhiyar Urvashi	Edit Delete
2	03-04-2024	Confirm	Padhiyar Urvashi	Edit Delete
3	03-04-2024	Confirm	Darji sanskruti	Edit Delete

At the bottom of the page, there is a copyright notice: 'Copyright © 2024 Glorious Gifts. All rights reserved.'

➤ Orderdetails Table

The screenshot shows a web-based administration interface for a gift store. The left sidebar is dark-themed with white text, showing navigation options for Admin, Forms, and Tables. Under Forms, 'Orderdetails' is selected. The main content area has a light background and displays a table titled 'Orderdetails'. The table has columns: Orderdetail ID, Order ID, Product ID, Product Price, Quantity, and Action. The data shows four entries:

Orderdetail ID	Order ID	Product ID	Product Price	Quantity	Action
1	1	Picture-Perfect Wishes	1290.00	1	Edit Delete
2	1	Salted Caramel Drizzle Fantasy Cake	745.00	1	Edit Delete
3	2	Kalanchoe Plant With Ceramic Green Planter	1100.00	1	Edit Delete
4	2	Succulent in a Hand Holding Ceramic Planter	1000.00	1	Edit Delete

At the bottom of the page, there is a copyright notice: 'Copyright © 2024 Glorious Gifts. All rights reserved.'

➤ Shipping Table

The screenshot shows a web application interface for managing shipping information. On the left, a dark sidebar menu titled 'Admin' includes sections for 'Forms' (selected), 'Admin', 'Category', 'Product', and 'Tables'. The main content area is titled 'Shipping' and shows a table with the following columns: Shipping ID, User mobile number, Shipping address, Shipping name, Order ID, and Shipping Date. The table contains five rows of data:

Shipping ID	User mobile number	Shipping address	Shipping name	Order ID	Shipping Date
11	7359570708	A-12,Harsiddhi park,Ranip,Ahmedabad	Aarav	1	20-03-2024
12	9033530601	Sector-6/216,Chankayupuri,Ahmedabad-61	Jignesh	3	14-02-2024
13	7317598432	22-A,Anju elegance,Ghatodia,AHmedabad	Rohan	2	15-02-2024
15	7982149836	216-6,Manipark,Maninagar,Ahmedabad	Jeet	2	18-01-2024

At the bottom of the page, a copyright notice reads 'Copyright © 2024 Glorious Gifts. All rights reserved.'

➤ Feedback Table

The screenshot shows a web application interface for managing feedback. The left sidebar menu is identical to the one in the previous screenshot, with 'Forms' selected. The main content area is titled 'Feedback' and shows a table with the following columns: Feedback ID, Feedback Date, User name, Feedback Details, Product name, and Action. The table contains five rows of data:

Feedback ID	Feedback Date	User name	Feedback Details	Product name	Action
1	2024-01-28	Patel Aarav	nice product and febric	A Royal Affair	Edit Delete
2	2024-01-09	Darji sanskruti	Great services and product	Serene White Roses Bouquet	Edit Delete
3	2024-01-05	Patel Aarav	Very good service. Delivered on time	A Royal Affair	Edit Delete
4	2024-01-07	Solanki Shivani	Fantastic	Lilac Morning	Edit Delete
5	2024-02-01	Khushbu Parmar	Very good service. Delivered on time	Red Velvet Birthday Special Cake	Edit Delete

At the bottom of the page, a copyright notice reads 'Copyright © 2024 Glorious Gifts. All rights reserved.'

➤ Payment Table

The screenshot shows a web application interface for managing payments. On the left, there is a dark sidebar with a user profile icon and the text "Glorious Gifts". Below the profile, there are navigation links: "Admin", "Forms" (which is currently selected), "Admin", "Category", "Product", and "Tables". The main content area has a header "Payment" and a breadcrumb trail "Home / Tables / Payment". Below the header is a table with the following data:

Payment ID	User ID	Payment Method	Payment Amount	Order ID
1	patel amisha	cash	1900	1
2	Darji sanskruti	UPI	2400	2
3	patel amisha	CASH	700	3
4	Padhiyar Urvashi	cash	200	1

At the bottom of the page, there is a copyright notice: "Copyright © 2024 Glorious Gifts. All rights reserved."

○ USER PANEL

➤ HOME PAGE

Screenshot of a web browser showing the homepage of "GLORIOUSGIFTS".

The page features a large banner image of a man and a woman smiling, holding a gift box. The banner text reads "Your Gift Their Smile!" and "Experience Bliss Instantly with fastest Delivery". A red "Start Shopping →" button is centered below the banner.

The header includes the website name "GLORIOUSGIFTS" and navigation links for HOME, ABOUT, SHOP, CATEGORIES, CONTACT, and a personalized greeting "HI, PADHIYAR URVASH". A search bar, a heart icon, a cart icon, and a notification bell are also present in the header.

A WhatsApp live chat icon is located on the left side of the main content area.

What Clients Say ?

Prince Patel

I couldn't be happier with my purchase from Glorious Gifts. The gift I ordered arrived promptly, beautifully packaged, and exceeded my expectations.

Vansh chauhan

Glorious Gifts made my shopping experience effortless. I found the perfect gift for my sister's birthday, and it arrived just in time. She absolutely loved it!

WhatsApp icon: Chat with us on WhatsApp

The screenshot shows the footer area of the Glorious Gifts website. It includes four columns: 'Useful Links', 'Information', 'Address', and 'Payment Method'. The 'Useful Links' column lists Home, About, Blogs, Contact, Support, News & Media, and Careers. The 'Information' column lists Terms & Conditions, Cancellation Policy, Privacy Policy, FAQ, The Shop, and Order Tracking. The 'Address' column provides the address as Ahmedabad, Gujarat, Shop no.16, near Harsiddhi Park, Ranip 61466, with contact numbers +(91) 6359482594 and +(91) 7043562314, and an email address urvashipadhiyar1947@gmail.com. The 'Payment Method' column displays logos for VISA, DISCOVER, PayPal, Mastercard, stripe, AMERICAN EXPRESS, and JCB. At the bottom left, there's a copyright notice: © 2024 Glorious Gifts. All rights reserved. On the right side, there are social media icons for Facebook, Twitter, Instagram, LinkedIn, and a 'Chat' button.

➤ About us

The screenshot shows the 'About Us' page of the Glorious Gifts website. The top navigation bar remains the same. The main content features a large banner with a red ribbon and the text 'About Us'. Below the banner, the 'OUR INFO' section contains the heading 'About Our Glorious Gifts'. A paragraph explains that Glorious Gifts is a gift selling website providing various gift options and suggesting products for different occasions. A 'Read More →' button is available for further information. The footer includes a 'Chat with us on WhatsApp' icon and a 'Chat' button.

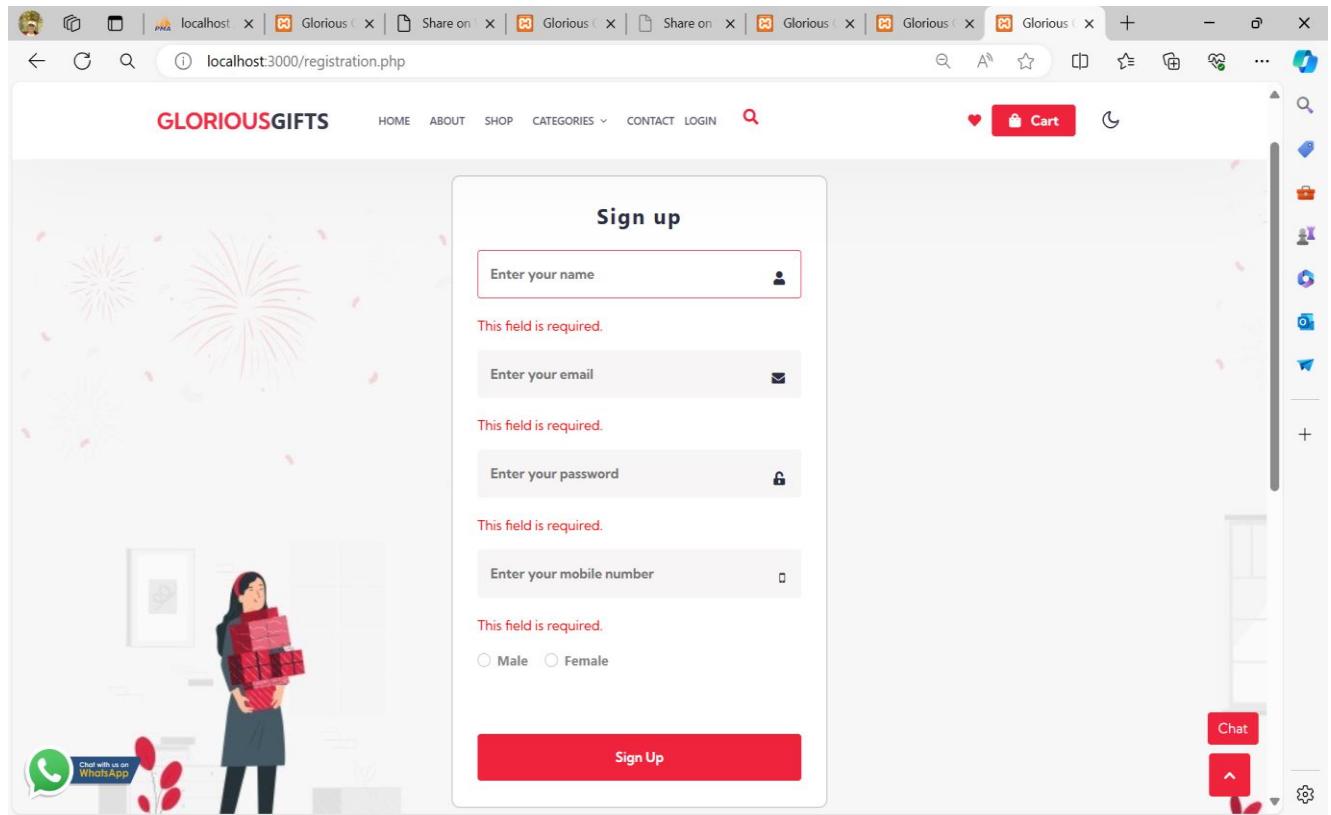

➤ Contact us

The screenshot shows a contact form on a website. At the top, there's a navigation bar with links for HOME, ABOUT, SHOP, CATEGORIES, CONTACT, and a personalized greeting 'HI, PADHIYAR URVASH'. Below the navigation is a banner with a red ribbon and the text 'Contact Us'. The main area contains fields for 'Your Name*', 'Your Email*', 'Enter your Phone Number *', 'Subject*', and a large text area for 'Type your message here*'. A WhatsApp chat icon is visible on the left, and a 'Send Message' button is on the right. The background features a dark, bokeh-style image of lights.

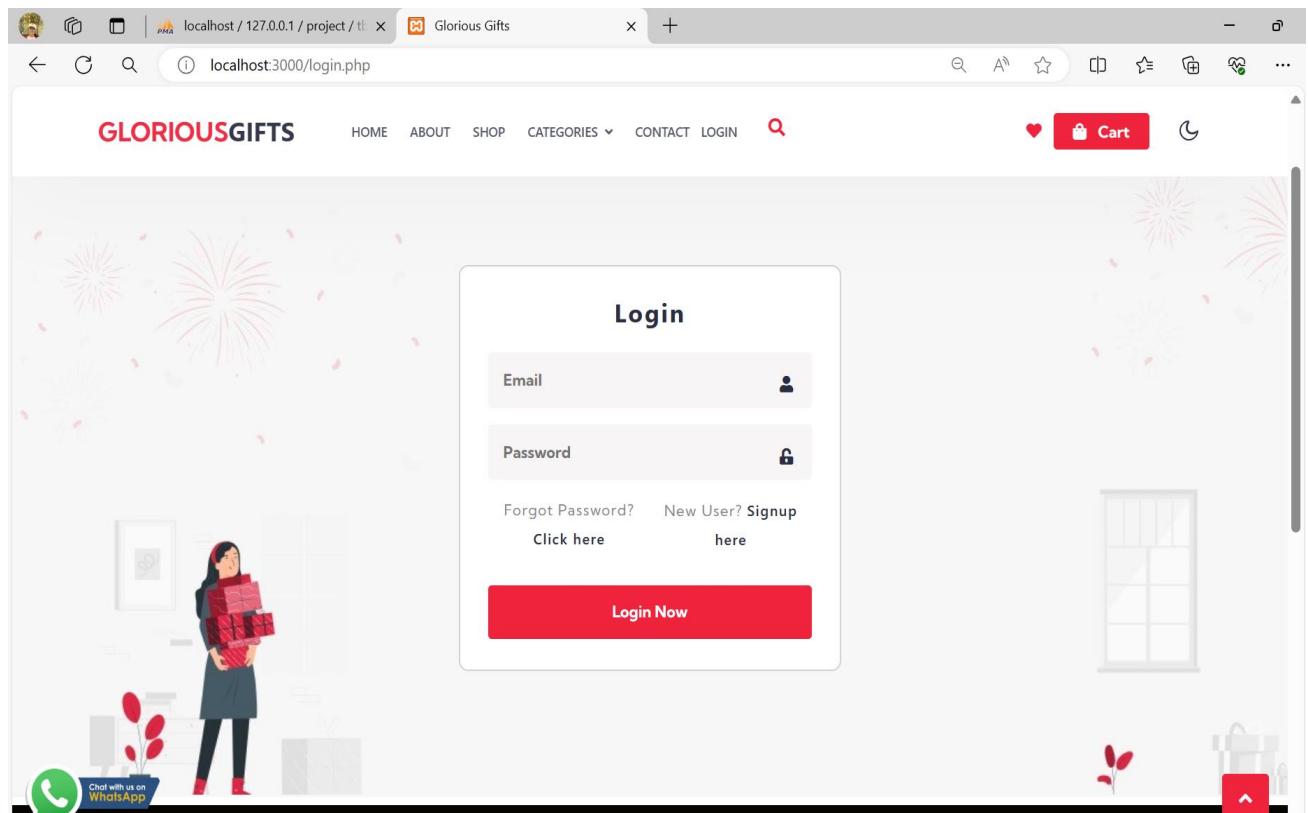

➤ Signup

The screenshot shows a sign-up form on a website. The header includes links for HOME, ABOUT, SHOP, CATEGORIES, CONTACT, LOGIN, and a search icon. A 'Cart' icon is also present. The main focus is a 'Sign up' form with fields for 'Enter your name', 'Enter your email', 'Enter your password', and 'Enter your mobile number'. There are also gender selection options ('Male' and 'Female') and a 'Sign Up' button. The background features a festive illustration of a woman holding gifts and fireworks.

➤ Add to Cart

The screenshot shows the Glorious Gifts website's cart page. At the top, there's a navigation bar with links for HOME, ABOUT, SHOP, CATEGORIES, CONTACT, and a personalized greeting 'HI, PADHIYAR URVASH'. On the right side of the header are icons for search, heart, and a red 'Cart' button. Below the header, the word 'GLORIOUSGIFTS' is displayed in a large, bold, red font.

The main content area is titled 'Cart' and contains a table with one item:

SL No.	Product	Quality	Product Name	Price	SubTotal	Remove
1		<input type="text" value="1"/>	Red Velvet Birthday Special Cake	1090	1090	

Below the table is a red button labeled 'Continue To Basket'. Underneath the table, it says 'Total - 1090' and there is a green 'Place Order' button. On the left, there's a 'WhatsApp' chat icon with the text 'Chat with us on WhatsApp'. On the right, there are 'Chat' and '^' buttons.

➤ Shipping

➤ Cash

The screenshot shows the Glorious Gifts website's checkout page. The layout is similar to the cart page, with the same header and personalized greeting. The main content area features a large illustration of a woman holding several wrapped gifts.

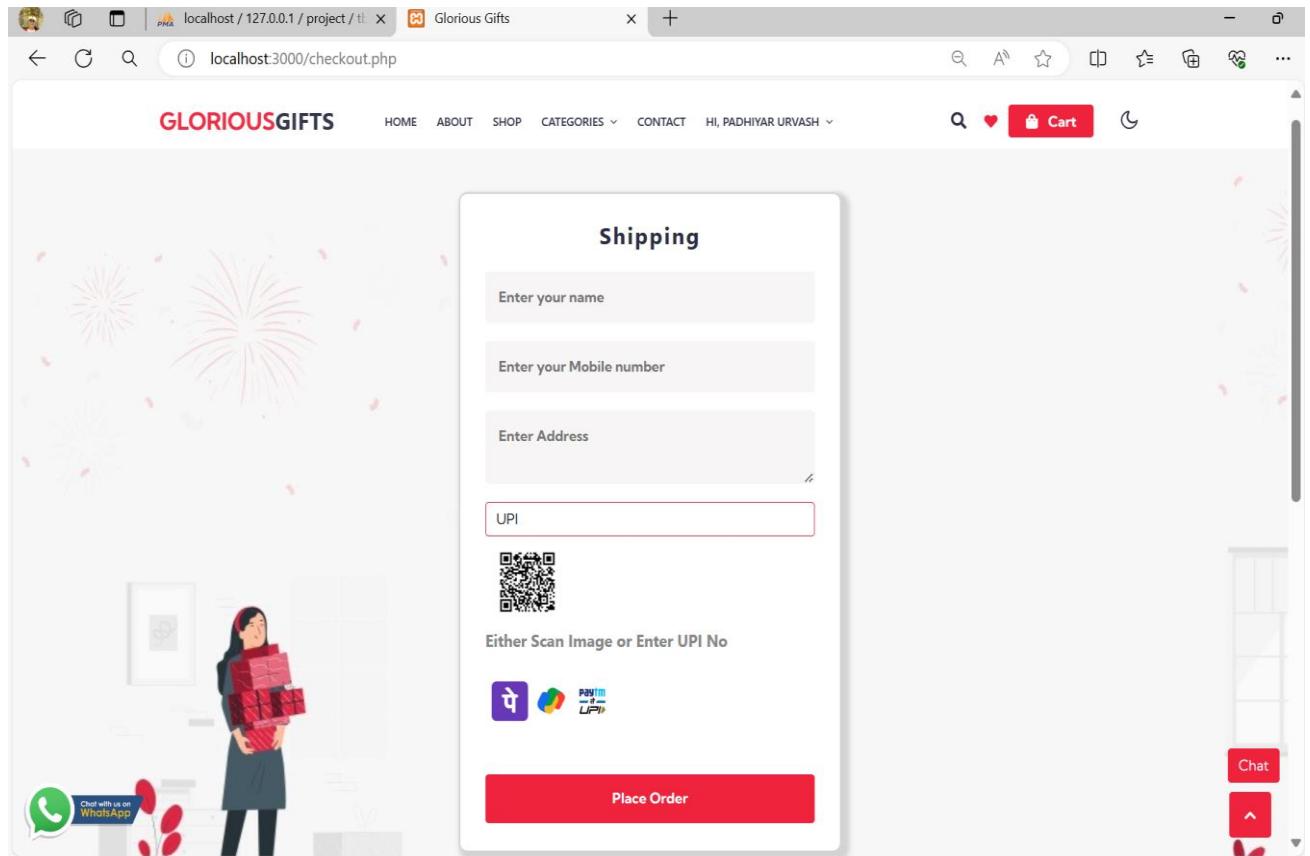

A central modal window is open, titled 'Shipping', containing the following fields:

- Enter your name
- Enter your Mobile number
- Enter Address
- Cash

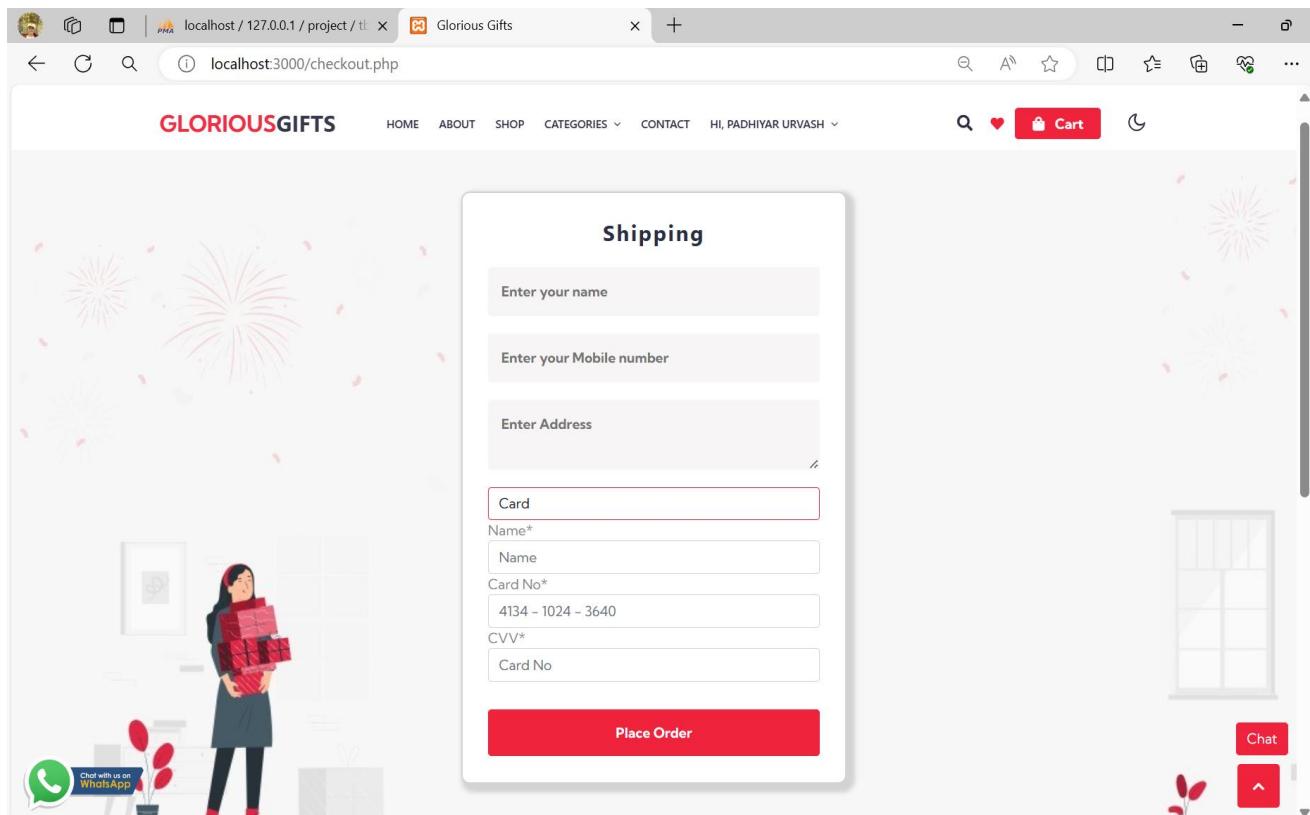

At the bottom of the modal is a red 'Place Order' button. The background of the page has a decorative pattern of fireworks and confetti.

On the left, there's a 'WhatsApp' chat icon with the text 'Chat with us on WhatsApp'. On the right, there are 'Chat' and '^' buttons.

➤ Wishlist

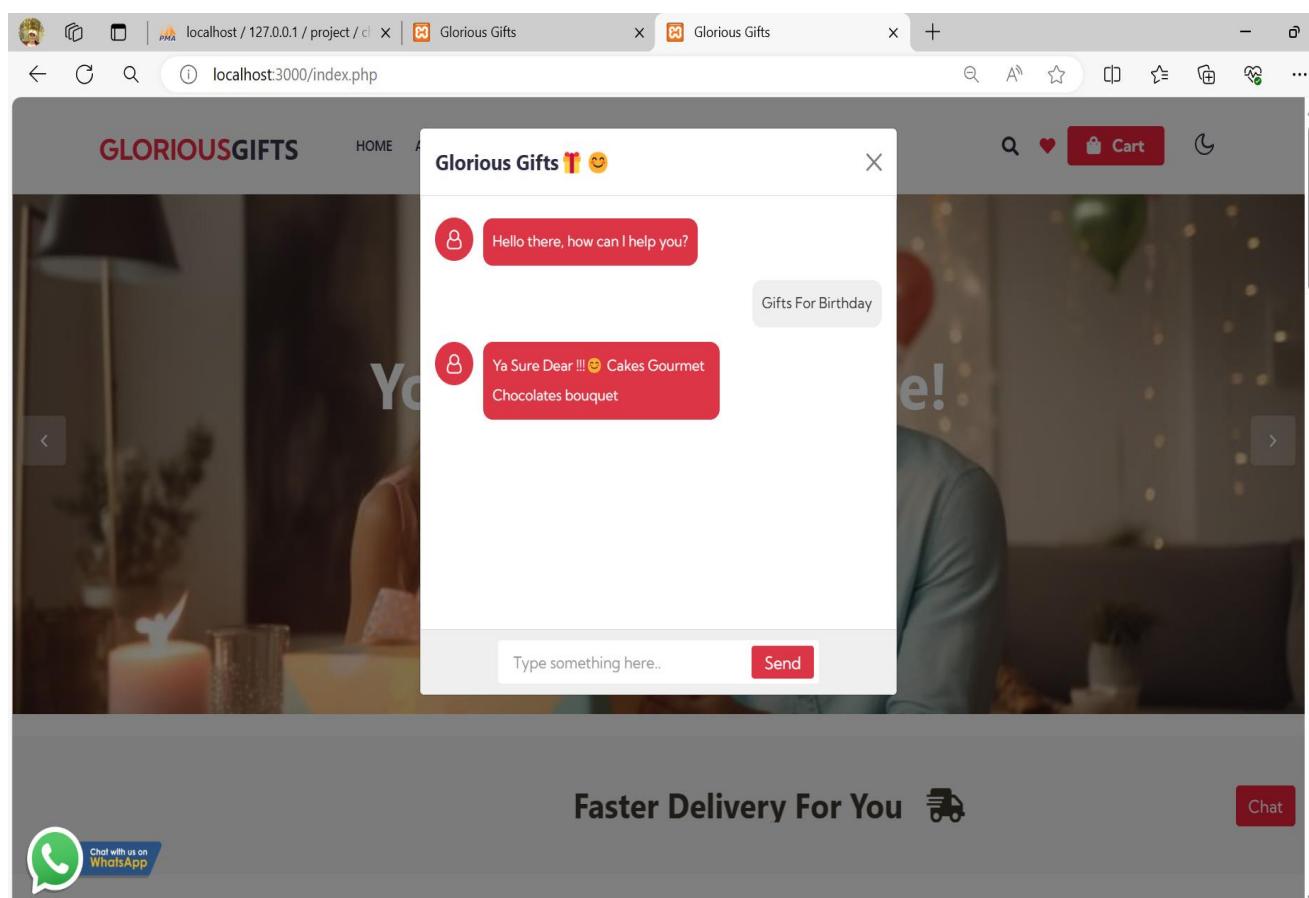

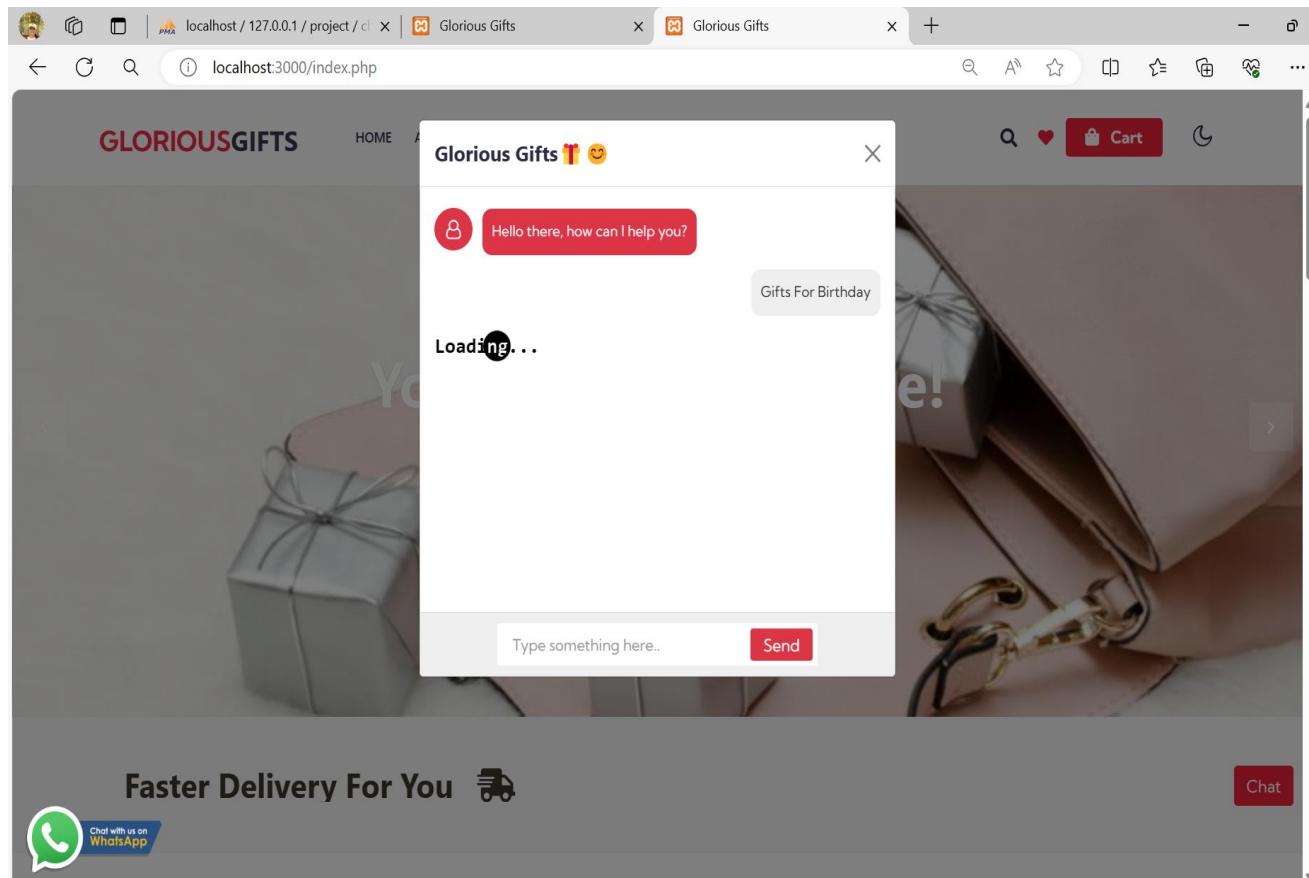

The screenshot shows a web browser window for 'localhost:3000/wishlist.php'. The header features the 'GLORIOUS GIFTS' logo and navigation links for HOME, ABOUT, SHOP, CATEGORIES, CONTACT, and a user profile. A search bar and a 'Cart' button are also present. The main content area is titled 'Wishlist' and displays a single item: 'Floral Enchantment Bouquet' priced at 1055. The item is accompanied by a small image of a bouquet and a remove button ('X'). A 'Chat' button and a WhatsApp icon are visible on the right side.

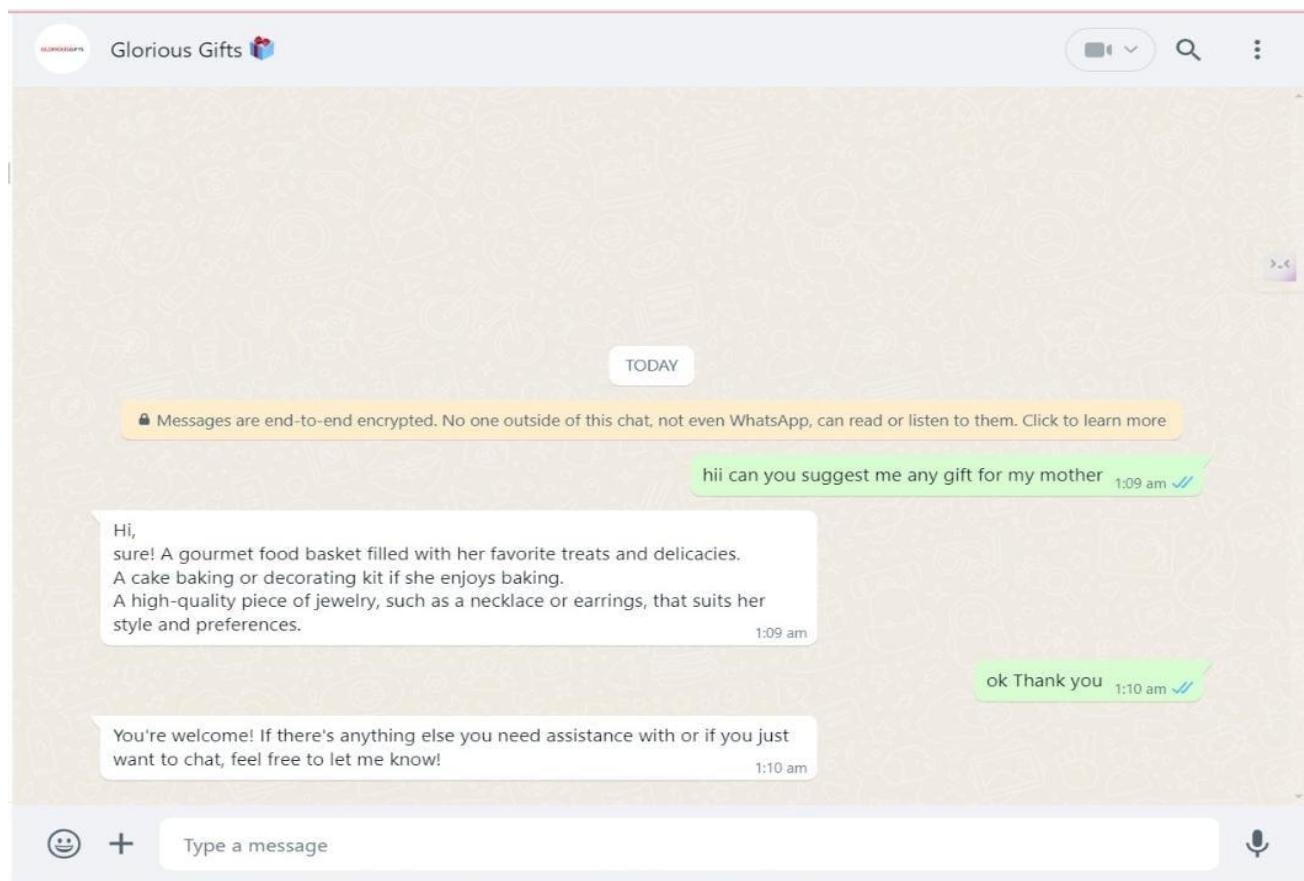

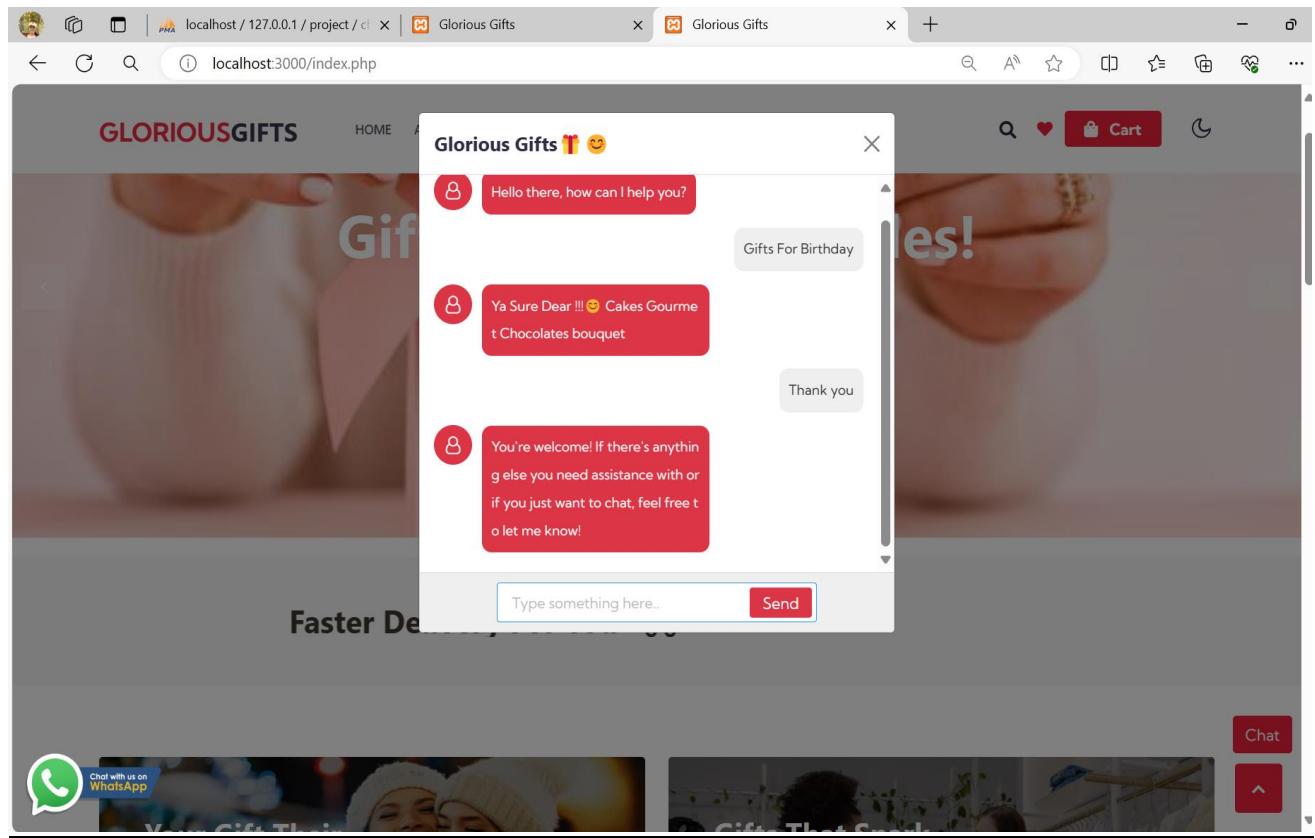

➤ Invoice

The screenshot shows a web browser window for 'localhost:3000/invoice.php?oid=13'. The header includes the 'GLORIOUS GIFTS' logo and navigation links. The main content displays an invoice for 'Invoice #13' dated '27-04-2024'. It shows the customer's name and address: 'Name : Padhiyar Urvash' and 'Address:25,shayona apartment, ranip, Ahmedabad'. The invoice details a 'Red Velvet Birthday Special Cake' at 'Rs.1090' and a 'Payable amount' of 'Rs.1090'. Below the table, there is a section for 'Terms & Condition' stating: 'This is a computer generated invoice and does not require signature. For any queries regarding this invoice, please contact Glorious Gifts at 7043562314.'

➤ Suggestion Box

Chapter 7

7.1 Assumption:

- We assume that all the features that we are trying to provide for them to make their Shopping easy and seamless can be accomplished by using our system.
- Everyone should remember their email & password while login to the system.
- User has a primary knowledge of operating computer.
- User is having proper tools to run this Software/System.
- User should have basic knowledge of navigation and functionalities inside the system.

7.2 Limitation:

- Customer cannot track the purchasing order.
- Exchange & return policies are currently not available.
- Only two Payment Method in System.
- Providing Service in only limited areas (Ahmedabad).
- User can not directly chat with the admin or the owner.
- Customer has to buy the product without seeing actually how it looks like The images shown in the system can be different from the actual product on the basis of color and material, it can feel different in real.

7.3 Future Scope:

- Customer will track purchasing order.
- Give more facilities in system
- Will add more payment methods in System.
- Provide service in more cities.
- User can directly chat with representative with different methods.

7.4 Conclusion:

- We have taken enough care to make the project user friendly and more interactive. Major focus is to provide products information, order details, payment information easily without any conflicts or any ambiguity.
Our system give fully satisfaction about the products and you can fully trust on us.

Bibliography: -

Bibliography are special reference works that are used to identify as many published works on a giving subject as possible, and serve as compilations for other authors or researches.
